Uusikaupunki

SURPRISES VISITORS WITH ITS VERSATILITY

Charming Uusikaupunki

The centre of Uusikaupunki has been named the best in Finland — and for good reason! The city offers something for every taste: charming wooden house quarters, fascinating sights and events, diverse activities, local flavours in cafés and restaurants, unique boutiques, and stunning coastal scenery and nature experiences. Your visit is made even better by the city's compact size and free parking. Discover, be surprised, fall in love — and enjoy your stay!

WOODEN HOUSE ENTHUSIAST'S DREAM

The Empire-style wooden house district is one of the largest and best-preserved in Finland. More than 40 blocks and 600 wooden houses within a one-kilometre radius! You can step inside these historic homes during the Old Houses event on 5–6 September. The atmosphere is already alive in the courtyards during the summer Courtyards and Wooden Houses tours. A wide range of themed and character-led guided tours (in Finnish) offer a comprehensive glimpse into the history and present day of this charming wooden town.

The story walls along the magnificent waterfront boulevard and the maritime-themed inscriptions embedded in the paving stones create an open-air museum experience. The delightful 19th-century waterfront warehouses once stored salt — today, their restaurants and terraces offer something much sweeter.

SPECIALTIES OF A SMALL TOWN

Pilvilinna Art House is a unique art and experience destination filled with joy, colour, and surprises. At the historic Wahlberg Museum House, you can sense

the atmosphere of a 19th-century bourgeois home and reminisce about the golden age of seafaring. Maritime history also comes to life at the Pilot Museum, the Sailor's Home Museum, and the Uusikaupunki Maritime Centre. The Automobile Museum's three large exhibition halls offer plenty to see for both young and adult car enthusiasts. At the Bonk Museum, you can marvel at revolutionary inventions and wonderfully impractical machines — and at Bonk's Children's Inventors' Workshop, you can even build your own Bonk machine.

EVENTS FOR EVERY TASTE

The whole-family Minifarm & Flower Fair takes place on 16–17 May. Merefesti kicks off the summer season on 5–6 June. Don't miss the summer programmes at Pakkahuone and Santtioranta, or the popular Tul toril themed market days. The Natural High Healing wellness festival will be held at Nopperla on 2–5 July. Top artists take the stage at Karjurock on 17–18 July. During Crusell Week, 27 July–2 August, love and French music are celebrated in style. Admire traditional wooden boats and classic vehicles on 8 August at Pakkahuone and Möljä. Taimitivolli on 22 August brings together plant sellers, growers, and local vendors. The summer season concludes with the traditional Venetian Night celebrations on 29 August. The Hehku Carnival on 30 October brings light and joy to the dark autumn evenings.

Cultural experiences await at the summer theatres, Uusikaupunki Theatre, the Crusell Cultural Centre, and the Wintteri Multi-functional community hub. For more tips, visit: visituusikaupunki.fi/en

Niko's Favourite Spots in Uusikaupunki

Niko Saarinen always refers to Uusikaupunki as his hometown, even though he moved to Helsinki at the age of 16. Having started his career in reality TV, Niko has over the years become one of Finland's most followed social media personalities.

Currently, the popular radio and TV personality hosts the morning show on NRJ, produces the highly successful Nikotellen podcast, and this spring he will host his second season of Love Island.

"There are also a few surprises coming up on the work front next year — but you'll hear more about those later," Niko hints.

When talking about Uusikaupunki, Niko says he misses the ease and effortlessness of everyday life there.

"It's a small town where all neighbourhoods and the town centre are within walking or cycling distance of each other. And Uusikaupunki — or 'Uki,' as we affectionately call it — is truly one of the most beautiful summer towns in Finland. Many Finnish towns are described as 'quite nice in the summer,' but Uki genuinely is," Niko assures.

"Nowadays I visit a bit less often since my mum also lives in Helsinki, but from time to time I still come to see relatives who live there and old school friends. It's wonderful that my friends from Uki have remained part of my life even though I no longer live there."

"If passenger train services between Turku and Uusikaupunki were ever reintroduced, I would definitely visit more often — and I'm sure it would bring many more visitors as well," Niko says.

Niko's TOP 3

1. The Autumn Market. The annual autumn market always took place around late September or early October and was a big event back then. My birthday is on 5 October, so the market was always around the same time. The best feeling in the world was receiving birthday money from my grandparents and heading to the market to spend it. Liquorice laces have never tasted as good as they did at the Uusikaupunki Autumn Market.

2. Myllymäki Hill. My mother worked on the hill while she was expecting me, so perhaps my emotional connection to the place dates back even that far. Back in the day, the hill was the main gathering spot for us teenagers, where we spent our weekends hanging out and doing all the silly things typical of lower secondary school kids. To this day, I always visit the park whenever I'm in Uusikaupunki. It's the cutest little park in the world, with its windmill and flower plantings. This is the place I tell people about in the Helsinki region when they ask where we used to hang out as teenagers.

3. Santtio Beach. I spent my entire childhood living in Santtio, about 600 metres from the Santtio campsite and beach. As kids, we would cycle there to buy pick-and-mix sweets, meet friends, and watch the tourists — some of whom even came from abroad. In the 1990s, that all felt very exciting. During the summer, we swam at Santtio Beach at least twice a day. At half past three we would go home for dinner, then head back to the beach and spend the rest of the evening there. We basically lived at the beach all summer long.

Uusikaupunki is easy to get to

CAR

Uusikaupunki is located about an hour's drive from Turku. You can get to Uusikaupunki from Turku and Pori along the E8, connecting to road 43 in Laitila.

From Turku, you can also take road 192 and then connect to road 194. If you are coming from Tampere, the easiest route is to start off on road 12 and then connect to road 43 in Eura. Parking is free in Uusikaupunki. However, please pay attention to possible time limits.

RAILWAY STATION IN TURKU

You can travel to Turku by train from anywhere in Finland. Distance between the railway station and the bus station in Turku is less than 1 km.

45th CRUSELL WEEK 27 JULY-2 AUGUST 2026

Amour – Love and French Music

Bernhard Crusell, often referred to as the “Beethoven of Finland,” was born in Uusikaupunki in 1775. The music festival celebrating his legacy has established its place among Finland’s most beloved summer events.

This year, Crusell Week celebrates love and French music. The beautiful French word amour turns heads and lightens the step. Concerts will be performed in the charming historical settings of Uusikaupunki and its surrounding region — in churches and in unique 19th-century wooden houses.

The festival brings renewed attention to the vocal works of Finland’s first major composer, Bernhard Crusell. His songs will be performed by one of Finland’s leading sopranos, **Helena Juntunen**. She will also present an intimate salon concert at Crusell’s birthplace and share insights into the life of an opera singer.

An international guest ensemble arrives directly from the theatres of Paris. **Les Bons Becs** — four clarinetists and a percussionist — shake up the traditional concert format. At their performances, even the musicians get carried away, and the audience is invited to laugh along with the music.

Among Finland’s top instrumentalists appearing at the festival are violinist **Elina Vähälä**, flautist **Kaisa Kortelainen**, and clarinetist **Olli Leppäniemi**. The distinguished pianists include **Naoko Ichihashi**, **Kirill Kozlovski**, **Matilda Kärkkäinen**, and **Jouko Laivuori**. **Kari Vuola** will perform on the magnificent Marcussen organ at the New Church.

Talented students from the festival’s woodwind masterclasses can be heard in street performances as well as concerts. Lectures and panel discussions by international teachers are open to all.

The family concert of Crusell Week attracts hundreds of listeners of all ages to the Crusell Cultural Centre. After the concert, everyone is welcome to try woodwind instruments in the foyer — come and see if you can make an oboe sing!

CRUSELL WEEK 2026

The programme will be published and tickets will go on sale in April 2026.

The full programme will be available at crusell.fi.

Tickets are sold by lippu.fi and the Uusikaupunki Tourist Office from 1 May 2026 onwards.

BERNHARD CRUSELL (1775–1838) – THE “BEETHOVEN OF FINLAND”

Crusell Week, named after the Uusikaupunki-born clarinetist and composer Bernhard Henrik Crusell (1775–1838), is a festival unique on a global scale.

Established in 1982, the event focuses especially on woodwind instruments. The concert programme ranges from classical and jazz to folk and children’s music, performed by leading Finnish and international artists.

Young musicians from around the world gather in Uusikaupunki to take part in the festival’s renowned woodwind masterclasses.

EXPERIENCE THE GOLDEN AGE OF SEAFARING AND THE LUXURY OF A MERCHANT'S HOUSE

Wahlberg's house

Wahlberg's house is part of the Uusikaupunki Museum. The museum showcases the golden age of the town's seafaring history and the life of a middle-class family.

Wahlberg's house was built more than 150 years ago by the founder of a local tobacco factory, Fredrik Wahlberg. The house still has its original decorative tile stoves, skilfully made frescoes, and hand-painted wallpapers in the parlour. The big hall also has a chandelier brought from Italy. In the downstairs rooms, you can almost smell the smoke from pipe tobacco and hear the rustle of the ladies' silk dresses. The downstairs exhibition space hosts a series of temporary exhibitions.

Upstairs, the museum houses a collection celebrating the maritime tradition of the town. Seaman's chests, souvenirs, paintings, and navigational instruments all have their stories

to tell of the golden age of seafaring and shipbuilding. The upstairs exhibition also showcases the more recent history of shipbuilding, shipyards, and the local automobile industry.

The museum features changing exhibitions a couple of times a year. The main exhibition of the year, opening in early summer, "Blankets and Clothing – Made in Uusikaupunki," showcases the textile industry of Uusikaupunki. In November-December, the theme of the downstairs exhibition is Christmas.

Children are also welcome at Wahlberg's house. They can play detectives in the museum and do different tasks related to the exhibition. The outbuilding contains a cobbler's workshop as well as a play area for children. The Wahlberg's house museum shop has some of the best souvenirs and gifts in town.

EXPERIENCE THE MARITIME HISTORY OF UUSIKAUPUNKI IN THE SUMMER MUSEUMS

The Sailor's Home Museum and the Naval Pilot Museum

To balance off the luxury of the tobacco merchant's house, visit the Sailor's Home Museum on the western edge of Myllymäki, where you can imagine what the life of an ordinary sailor's family was like in the early 20th century Uusikaupunki. The museum building is one of the oldest remaining residential buildings in town, and it was probably built in the late 18th century.

The Uusikaupunki pilot station used to be located on the Vallimäki hillside, where you can enjoy a great view of the sea. Pilots were tasked with making

sure ships were able to reach and leave the harbour safely. The pilot station, which was built in 1857, is now a museum where you can learn more about this dangerous profession that was often passed down from father to son.

FANTASTIC IMAGINATION JOURNEY

Bonk Museum and Children's Innovatorium

There is no place as wondrous as the Bonk Museum, where you can get to know the history of the Bonk Business Inc. industrial empire. Step into the wild and fantastic world of Bonk.

Bonk is a fun fantasy product based on an idea by artist Alvar Gullichsen. The museum houses a collection of carefully restored Bonk devices and products from mid-1800s to the 1950s. Oy Bonk AB is a fictional family company with a whole history woven around them and all kinds of inventions attributed to them. The Bonk family is known for example for creating “a stimulating anchovy-based relish” and discovering the “dynamo effect caused by the movement of giant anchovies”. The museum houses things such as defunctioned machinery, cosmic therapy solutions, disinformation systems, and localised black holes.

The outbuilding houses a children's workshop, Innovatorium, where the more age-challenged members of the family can design and build their own Bonk machines.

THE MOST POPULAR AND HAPPIEST SUMMER STOP IN UUSIKAUPUNKI

Art House Pilvilinna

Come and experience a place where art, humor, and natural beauty meet!

Pilvilinna is a unique art destination filled with joy, color, and surprises — art that makes you smile. The walls, floors, and ceilings of Pilvilinna are covered in art, both indoors and outdoors. The naive paintings and humorous sculptures by artist **Raija Tuulikki Nokkala** spread throughout the main building, three courtyard buildings, and along the atmospheric art trails.

In the garden, hundreds of roses bloom, offering a feast of color and fragrance. Rotating sales exhibitions, playful sculptures along the art path, and the seaside setting make Pilvilinna a one-of-a-kind environment enjoyed by art lovers, families, and day-trippers alike.

At the Pilvilinna café terrace, you can enjoy a sweet treat by the sea or stop by to greet Paplo the Bunny, who spends the summer by the shore. At the card shop, you can purchase Pilvilinna's own products to take home with you.

Pilvilinna is located just three kilometers from the town center, next to the public beach. The most colorful summer experience in Uusikaupunki offers natural beauty, art, roses, laughter, and sea breeze — that's Pilvilinna!

Community Hub Wintteri

There is life at Wintteri every single day of the year. Here you'll find versatile facilities for events of all sizes, as well as sports and cultural activities for all ages. A daycare centre, comprehensive school and upper secondary school bring joy and lively energy five days a week, while the music institute and adult education centre complement the offering with a wide range of courses. The sports facilities and swimming hall provide excellent settings for exercise and recreation.

Wintteri also offers an impressive selection of event spaces for all kinds of gatherings, from small meetings to large-scale events — only your imagination sets the limits. You can host meetings, concerts, tournaments, exhibitions or even dance performances at Wintteri.

The café, serving from morn-

ing until evening, is the heart of Wintteri. Enjoy a cup of coffee or simply sit back and watch the life of the building unfold. The café offers both sweet and savoury treats. On weekdays, a varied salad buffet and soup lunch are available, changing daily.

In the lobby and connecting areas, you'll find Wintteri's library, where you can read the daily newspapers either in print or in digital format. From the library's self-service locker, you can easily pick up something to read or collect your reserved items using your library card at the self-service pickup machine. The librarian also provides digital guidance at the information desk at scheduled times.

At the Multi-Activity Centre, you can learn, experience, share your creativity and enjoy time together. Welcome to relax, connect and get inspired!

Where does the name Wintteri come from?

*The name Wintteri originates from the surname Winter. Various individuals with the surname Winter have played a significant role in advancing the well-being and education of Uusikaupunki residents throughout history. The name is a tribute, particularly to pedagogue and schoolmaster **Johannes Winter**, who diligently ensured the city's and its residents' welfare during the difficult years of the Great Wrath.*

SPECIAL EXHIBITIONS CREATE A UNIQUE AND ENJOYABLE ATMOSPHERE IN THE MUSEUM!

The Automobile Museum is the most popular attraction in town

The Uusikaupunki Automobile Museum is the leading automobile museum in Finland. It is the most popular year-round attraction in Uusikaupunki.

The museum's three exhibition halls are home to an extensive collection of car classics and other items related to motoring and motor sports. The exhibition also has its share of motorcycles as well as one plane.

The museum's collection includes a wide range of different makes and models from the legendary Ford Model T to modern hydrogen cars. On pride of place is the first Finnish car, Korvensuu from 1913.

There is also a separate exhibition for the locally important Saab brand and other Finnish cars. A special collection of concept cars showcases the futuristic designs of Finnish car designers from the 1980s onwards. These are not available anywhere else!

The rapid development of the Finnish automobile industry began in Uusikaupunki in 1969. The industry's path to success has been recorded as part of the museum's exhibition. In addition to the cars, you can admire works by Finnish master artists in the museum's art corner — and even purchase a painting for yourself or as a gift.

The museum also houses an experimental restoration workshop and a museum shop. The products have a high level of Finnish origin, and the selection is diverse. Available items include author Jukka Keränen's excellent book series for children, as well as the outstanding non-fiction and illustrated volume on the history of Finnish motoring by Panu Kaila and Pentti Virtanen.

From the shop you can also purchase UNICEF dolls and thus help children in need all around the world. Thank you for your help!

Come and fall in love with Pyhämaa!

How would you feel raising your family in an environment where:

- you are surrounded by clean nature?
- the people around you are friendly and community-oriented?
- you can admire the majestic white-tailed eagle every day?
- passersby greet you with a smile?
- the villagers are always ready to lend a hand if you need help or advise?
- the sea breeze so often blows the clouds away, bringing out the sunshine?
- local food (fish, fruit, vegetables, and game) is a self-evident part of everyday life?
- there are two village shops and, as the locals say, if they don't sell something, you won't need it?
- there is an excellent restaurant, Pyhämaan Pirtti? – naturally specialised in seafood!
- you would be able to meet forest animals every day?
- you could go out boating, fishing, hunting, kayaking, and picking berries and mushrooms?
- the nature would be right at your doorstep?
- there are ten associations providing all kinds of recreational opportunities?
- you would be surrounded by a rich history all the way to the Middle Ages and an idyllic village full of old stories?

and where:

- others would come for a holiday if you already lived there?

and which

- would be far enough from the bustle of cities but still near enough to stop by or go out on business (Pyhämaa–Turku 90 km, Pyhämaa–Helsinki 250 km, Pyhämaa–Tampere 180 km)?

Think about it!

Why not drop out of the rat race yourself and choose a relaxing and natural way of living? Here we have helpful neighbours and plenty of communal spirit.

Welcome to Pyhämaa – we welcome both new residents and travellers with a smile!

THE PRINCESS

(only in Finnish)

Lentävä Lokki Summer Theatre invites audiences to an unforgettable experience as it brings to the stage the powerful play *The Princess* by author Raija Oranen.

The play is based on the life story of a real historical figure, Natalia Demidov. The Princess's life journey is filled with the splendor of her era and deep human emotions. It weaves together dramatic turns of history, moving music, subtle humor, and touching drama.

Performances will take place in the centre of Uusikaupunki at the summer theatre, where rain won't soak you and the wind won't disturb the show. The production is directed, as audiences have

come to expect, by Raija and Pentti Nokkala. Come and experience the most moving theatre event of summer 2026!

Mobile guides and apps

MUSEUM WITHOUT WALLS – MOBILE GUIDE

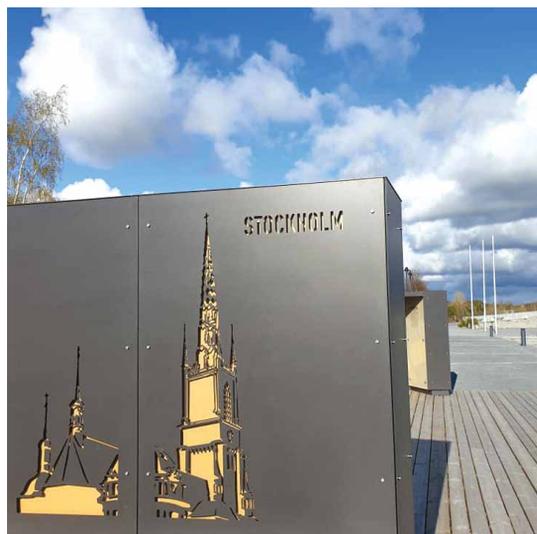

The Uusikaupunki Museum has published mobile guides for ten walking routes, accessible through your smartphone, tablet, or computer. The Museum without Walls mobile guides includes stories about the Treaty of Nystad, the history of the Kaupunginlahti bay or the Lake Ruokolanjärvi area, spots frequented by children and adolescents in the past, the history of specific houses, and public sculptures and monuments in the area.

The Museo kännykässä (museum on your phone) guide is especially aimed at young people and school children. All of the Museums without Walls mobile guides are available online at: tarinasoitin.fi/uudenkaupunginmuseo

Further information and links to the guides are also available at: www.uudenkaupunginmuseo.fi museo@uusikaupunki.fi, tel. +358 44 351 05447.

HIDE-AND-SEEK – FIND THE TINY HIDDEN STATUES!

Hide-and-seek includes a series of small hidden bronze sculptures that you can look for using a digital or printed map. Each route comes with a mobile game that helps you see your surroundings from a new perspective and learn something new. Using the map and game is free of charge. Hide-and-seek is a combination of communal art and geocaching. The statues were made and the routes designed in workshops for young people. The Uusikaupunki route spans 4–5 km on both sides of the Kaupunginlahti bay. Paper maps are available, for example, at Tourist Office, the swimming pool, the library, and the museum. You can walk through the whole route using either the paper map or the mobile game. You can look for the hidden sculptures at: www.piiloleikki.fi

Other interesting places

TOWN CENTRE AND WOODEN HOUSE DISTRICT

According to the Finnish Heritage Agency, Uusikaupunki is one of the best-preserved Empire style wooden towns in Finland. An extensive wooden house district built in a grid layout in the centre of Uusikaupunki and dating from the late 19th century has been well preserved. The town has been damaged by several extensive fires, the latest of which were in 1846 and 1855. Most of the current town centre was built after this. The modern town plan was designed by architect Georg Theodor Chiewitz in 1855.

The town centre has more than 40 blocks containing around 600 old wooden houses. Uudenkaupungin Vanhat Talot association organises every second year the Old Houses of Uusikaupunki event (September 5-6, 2026) that allows visitors access to some of the houses and gardens.

KAUPUNGINLAHTI BAYSIDE AND STORY BOARDS

The sea reaches the city centre in the form of Kaupunginlahti Bay. Its shores are popular among locals and tourists alike in the summer. The maritime phrases and names of ships on the seafront promenade are related to the maritime history of the city. The names of the piers represent the routes of former merchant ships: Stockholm, Copenhagen, and London. Story walls presents these three cities.

Around the vicinity of the Kaupunginlahti Bay you can also find 10 information boards with photos and delightful stories of life in the old days.

MYLLYMÄKI WINDMILL PARK

The hill is home to four historic windmills, many flowerbeds, steps, millstones and a children's playground. The northern side has an arboretum where different tree species are marked with signs.

MÄNNÄINEN MARKET

Pankkitie 1, Kalanti. At Kalantitalo, enjoy a lively market event with programme, sales stands, music, and exhibitions on even-numbered weeks from 12 June to 21 August, on Fridays from 4 pm to 7 pm. www.mannaistentori.fi

OLD MÄNNÄINEN IRONWORKS

Männäistenkoskentie, Kalanti. At the old Männäinen ironworks, you can experience the history of iron refining in the 18th and 19th centuries. The Männäinen ironworks area has some well-preserved production buildings, such as the unusually large coal house and the grey stone chalk house. The ironworks today looks very similar to when its operation ended in early 19th century. The area and the buildings are privately owned, but you can view some of them from the outside.

GRAVEYARDS

By the Old Church there are soldiers' graves and some ancient graves. The city's actual graveyard is at the junction of Autotehtaankatu and Kalannintie. There are graves in the graveyard dating from 1849. There is an old graveyard by Lokalahti Church and a new one by Palomäentie. The Pyhämaa graveyard is located by the Pyhämaa Church, and Kalanti Church is also surrounded by a local graveyard.

PYHÄMAA CULTURE STAIRS

Telakanranta in Pyhämaa, Pyhämaanranta 37. The stairs lead from Telakanranta to the old mill. They are 38 metres in length and contain 62 steps. The stairs were built by volunteers with funding from the Ravakka association. The culture stairs are part of the culture trail in the Pyhämaa centre. Pyhämaan Kotiseutuyhdistys association has collaborated with the Uusikaupunki Museum to create a mobile version of the new culture trail. On the upper landing of the stairs, you can see an old photo to compare how the landscape has changed over the decades. The stairs can also be used for running.

RADANSUU WATERMILL

The old Radansuu watermill is located at the border between Pyhäraanta and Uusikaupunki, at Radansuuntie 178. The watermill was built in early 19th century and is still fully operational. Reportedly there has been a mill in the same location already in the 16th century. The watermill was originally operated by a paddle wheel, but it was later changed into a turbine-powered mill. The watermill is currently in private ownership.

Be charmed by the sea – be enchanted by nature

In Uusikaupunki, we have the sea right by us. The seaside atmosphere is apparent on the cozy bayside boulevard right at the heart of the town.

Uusikaupunki is surrounded by a beautiful archipelago full of stunning natural scenery, idyllic islands, and the clear waters of the Bothnian Sea National Park. You can arrive by your own boat right in the city centre at the Pakkahuone Guest Marina. Guest berths are also available at the idyllic Telakanranta in Pyhämaa, and there are several visitor docks and excursion harbours in the nearby archipelago, such as the Uusikaupunki Motorboat Association's excursion harbour at Haanperänkari.

The attractions of the archipelago can also be explored without your own boat. Aboard the cosy M/S Kerttu, you can enjoy an unforgettable sea voyage to the lighthouse island of Isokari or head out on a seal safari far into the open sea. M/S Kerttu also offers guided birdwatching cruises.

Stories of the maritime town are shared on guided sightseeing cruises on Fridays, while Saturdays are reserved for atmospheric evening cruises with entertainment.

The Uusikaupunki area boasts no fewer than eleven public beaches maintained by the city, located along the seashore and by inland lakes. Some of the beaches also offer sauna facilities, either freely

available or by reservation. At Haimio Beach, located by the freshwater basin, a public sauna is freely available to swimmers throughout the summer swimming season. By the sea in Janhua, the Saunalaituri Höyry offers sauna and swimming opportunities daily all year round.

Uusikaupunki is also an excellent destination for fishing – after all, the city has as much shoreline as the entire length of Finland. The fishing centre and holiday village Merikoivula as well as Villa Wohde provide excellent facilities for fishing enthusiasts. Fishing guide services are also available if needed.

The Velhovesi Ring Road, with its small bridges connecting the islands, takes you into the heart of the most beautiful archipelago scenery – without the need to worry about a boat or ferry timetables. You can cycle the route and enjoy the archipelago atmosphere at a leisurely pace or drive just over 50 kilometres by car while admiring both sea and lake landscapes.

You can also experience the maritime nature along the Pamprinniemi nature trail in Pyhämaa. The Hiunjärvi nature trail, located close to the town centre, surrounds a regionally significant bird lake with a remarkably diverse range of nesting species. The accessible nature trail and birdwatching platform at Kasarminlahti provide a safe and easy way to enjoy the forest and waterfront while observing nature.

A SHARED LIVING ROOM FOR RESIDENTS AND VISITORS

Pakkahuone guest harbour

Pakkahuone guest harbour in Uusikaupunki has been the favourite stop of many boaters for a long time. It has been voted the best guest harbour in Finland three different times as well as awarded several other commendations, and no wonder.

At the idyllic shoreline of Town Bay, the Pakkahuone Café serves a delightful selection of sweet and savory treats baked on site. The most famous of these are undoubtedly the nationally renowned, delicious doughnuts – well worth traveling from afar to taste! The fully licensed terrace is also known for its highly praised plank pizzas and other culinary delights.

The guest marina, open from April to early October, offers berths for 70–80 boats. As before, the harbour fee includes a boat berth, access to sauna facilities, showers, washing and toilet facilities, as well as water supply and waste management services. Additional amenities include laundry facilities and bicycle rentals.

From late June to early August, the Pakkahuone waterfront comes alive on Wednesdays with traditional evening markets featuring live entertainment. The shore of Town Bay fills with market vendors, and live music is performed on the market stage. The popular Bingo Fridays run from early June to the end of August, and after bingo there is still plenty of time to enjoy the Terrace After Work performer. On event days, a bouncy castle is set up for children. The Pakkahuone boutique is a real window into the offerings of the town. You will find fresh vegetables from local producers and interesting local entrepreneurs with their wares.

Welcome to enjoy your stay!

A LIGHTHOUSE ISLAND IN A MARINE NATIONAL PARK

Isokari

The Isokari lighthouse island is the most beautiful attraction of the southern part of the Bothnian Sea.

Isokari offers visitors a range of services in the peaceful archipelago. The tallest lighthouse in the Gulf of Bothnia is surrounded by exquisitely beautiful nature. The Isokari island is part of the Bothnian Sea National Park. The lighthouse itself is from the era of the Russian Empire, from 1833. You can visit the still operational lighthouse on one of the guided tours, which are held daily during the summer.

The 186-hectare island has plenty of other interesting sights in ad-

dition to the lighthouse. You can take a stroll along a nature trail, spot rare plants and birds, pet the sheep, and marvel at the beauty of the endless horizon. The morning activities of the island's native black guillemots are a wonderful sight – you can enjoy watching them by spending the night at Isokari!

The island has great services for travellers, including a hotel, restaurant, and guest harbour. Cruises to the island are organised from early spring to late autumn, and many people also like to visit the island by their own boat. Isokari offers a beautiful setting for meetings and business functions, and the island is a perfect place to organise your birthday or perhaps an engagement party.

The summer hotel is located right by the beautiful lighthouse. The small hotel only has six flats, so make your booking already in the spring! During high summer, you can travel to the island from Uusikaupunki and during high summer also from Kustavi.

Isokari is located in the open sea, approximately 22 kilometers from Uusikaupunki.

Cruises on M/S Kerttu

Cruises on M/S Kerttu are organised in Uusikaupunki during the open water season. On M/S Kerttu, you can take a lighthouse trip, a seal and bird-watching cruise, or an evening and sightseeing cruise. Kerttu is also available for chartered cruises.

From June to September, Kerttu sails to the Isokari lighthouse island on a regular schedule. The Isokari cruise includes, in addition to the return trip, lunch and a guided tour of Isokari as well as access to the lighthouse. There are

also cruises from Kustavi to Isokari in July.

On midsummer Friday evenings, Kerttu operates as a sightseeing vessel in the inner archipelago. During the two-hour evening cruises, you can enjoy the maritime atmosphere, guided commentary, and Kerttu's onboard service. In high summer, Saturday evenings are spent cruising in a relaxed mood, accompanied by pleasant and onboard entertainment. The ship is fully licensed to serve alcohol.

Tickets for a trip to Isokari can be booked online. Tickets can also be purchased directly from the ship on the day of the trip if there is room left. For the sightseeing trip on Friday, you can buy your ticket directly from the ship.

Kerttu's departure pier is at the city guest harbour, right behind Pakkahuone, address Pakkahuoneenkuj. Welcome!

BOTHNIAN SEA NATIONAL PARK

The Bothnian Sea National Park is the 37th national park in Finland and the largest conservation area in the Finnish Baltic Sea. The Bothnian Sea National Park is the first park protecting the actual sea area as well as the sea floor. By area the park is the fourth biggest national park in Finland. The park extends from north to south as a narrow zone of 160 km from Kustavi to Merikarvia. The park consists mainly of state-owned shallows and islets as well as some islands, and the park's area is about 90 000 hectares.

The archipelago areas off Uusikaupunki and Kustavi are some of the widest in the Bothnian Sea. The archipelago consists mainly of small islands and islets that offer birds nesting areas as well as resting places during migration. The nearest locations in the Bothnian Sea National Park from Uusikaupunki can be found in Putsaari and Iso Harmaakari as well as the islets beyond them. The islands of Katanpää and Isokari in Kustavi welcome boaters in the summer.

www.luontoon.fi/en/destinations/bothnian-sea-national-park

Haidus Island

The Haidus island is located off the coast of Uusikaupunki, about 7 km west from the town centre. The island is 72 hectares. There is an old fisherman's lodge on the island. Bigger sauna for groups, smaller smoke sauna and hot tub. Programme service for groups by order.

Pietarinkari

The Yacht Club Pavilion restaurant is located on the island of Pietarinkari near Uusikaupunki. 24 moorings, café-restaurant, toilets and showers, sauna by order. More information and opening times: tel. +358 575 6060, uginpaviljonki@gmail.com www.uudenkaupunginpurjehdusseura.fi

Putsaari Island and Chapel

The 400-hectare Putsaari island is located around 13 km west from the town centre. Part of the island is part of the Bothnian Sea National Park, but most of it is privately owned. The island has a small wooden cache church which is estimated to be from the 1500s or 1600s. According to local tradition, it was built by Franciscan monks from Rauma. The Putsaari island was also home to some quarries.

Natural sites

Hiunjärvi Nature Trail

Hiunjärvi is a lake located just north of the Uusikaupunki town centre. Despite its proximity to the centre, the area has remained relatively sparsely populated. The lake is around 12 hectares, and around a third of its surface area is covered by thick vegetation. Hiunjärvi is a popular spot for birdwatching. There is also a nature trail around the lake. Along the trail you can find a lean-to and a bird watching tower. You can access the trail near the pedestrian underpass by the Saarnisto school or at the end of Juolukkatie or Otavakuja. The distance from the underpass to the lean-to is about 1 km. The longest route around the trail from the underpass is 3.8 km, and a shorter one is 3.2 km. The distance from the Juolukkatie entrance to the lean-to is 0.7 km. The longest route around the trail from Juolukkatie is 3.6 km, and a shorter one is 1.4 km. From Otavakuja, the shortest route to the lean-to is 1.4 km. The trail is marked using orange diamond symbols as well as by maps located at the starting points and at crossroads. No winter maintenance.

Kasarminkahti Accessible Nature Trail and Birdwatching Point

Kasarminkahtientie 8, Uusikaupunki (entrance to accessible trail), with larger parking area. Accessible birdwatching point and nature trail offer the opportunity to enjoy the forest and get near the water safely. The Kasarminkahti area has a lot of different bird species, and many migratory birds also stop there. Kasarminkahti is located less than two kilometres from the market square. The accessible nature trail and birdwatching platform provide an excellent view over the Kasarminkahti bay and meadow. Services on the accessible section: birdwatching platform, nature trail, accessible composting outhouse, and benches. In addition to the accessible trail to the birdwatching platform, there is a more demanding trail (not accessible) to the Kasarminkahti lean-to and the Vionpuhti campfire spot. The trail is hilly and part of it is on rocky terrain.

PAMPRINNIEMI TRAIL IN PYHÄMAA

Haintie 259, Pyhämaa. The Pamprinniemi nature trail is located in Ketteli in Pyhämaa on church-owned land. The trail is about 4 kilometres long. The area is a significant nature and bird conservation area, as it has been maintained in its natural state. It is part of the European Natura 2000 network. Along the trail, you can experience many kinds of natural surroundings from the seaside to old spruce forests and patches of fern. You can also spot some very big and old pine trees in the area. Along the trail, you can find a wide range of different bird species. The church has also erected some Bible-themed story boards around the trail. There is a large wooden cross at the tip of the peninsula where the church usually holds an opening ceremony for the trail in early June. The road leading to the trail, Haintie, is a private road. The trail is open year-round, weather conditions permitting.

LEAN-TOS SHELTERS AND GRILL SHELTERS

The City of Uusikaupunki has built a total of three lean-tos: Hiu, Kasarminlahti, and Oinassaari. Additionally, a campfire site has been constructed in Vionpuhti, near the Kasarminlahti lean-to, by Vakka-Suomi Latu.

Cozy grill shelters have been built for hikers at the swimming beaches of Karhuluoto and Pyhämaa. These beach areas are also equipped with restrooms. Grill huts can be found at the swimming beaches of Raulio and Vintri, as well as at the Pitkäluoto fishing harbor in Pyhämaa. It is recommended to bring your own firewood just in case.

FRESHWATER BASIN

The freshwater basin is a lake of 37 km² from which the inhabitants of Uusikaupunki and other nearby towns get their drinking water. The basin was dammed up in the mid-1960s. The embankment separates the sea from the lake. The lake is located to the southwest of the city centre. The Velhovesi ring route circles the freshwater basin.

PÄRKÄNVUORI HILL AND CAVES

Postitie 630, Uusikaupunki. The Pärkänvuori hill in Pinipaju in Lokalahti rises nearly 30 m from the surrounding areas. The hill has broken down into large boulders. One of the largest of these, Morsiuskivi, has fallen near one of the surrounding fields and has been the object of some old folktales. The two caves in the area, Veskellar and Pimi kellar, also have their share of stories. To the east of the hill, you can find a grove. The steep walls of the hill are excellent for rock-climbing. There are no signposts or a parking area in the vicinity, but you can leave your car by the roadside for the duration of your visit. The distance to Pärkänvuori from Uusikaupunki is approximately 26 km.

KUUVUORI

Kuuvuorentie, Uusikaupunki. Kuuvuori is one of the tallest rocky hills in the area, rising around 50 m above sea level. It has excellent views across the surrounding forests and fields. The rocks on the hill have some writing from 1797. Kuuvuori is about 12 km away from the Uusikaupunki town centre. It is located on private land and there are no spots for campfires.

Fishing

FISHING LICENCES

Angling and ice fishing is permitted in the City of Uusikaupunki waters free of charge. For lure fishing with one rod, you will need to pay the state fisheries management fee. For snare fishing and lure fishing with more than one rod, you will need to pay the state fisheries management fee as well as have permission from the owner of the water area.

For net fishing, you will also need to purchase a marker, **price EUR 6/net/year**.

For other fishing (long line, hook, trap), a **personal fishing licence** needs to be purchased, **EUR 6/year**. For reel fishing whitefish the price is EUR 6/rod/year.

Nets and other fixed snares must be marked in accordance with the Fishing Act. Fishing markers should always be equipped with the user's name and contact information as well as indication of fishing licence.

Fishing licences of City of Uusikaupunki available in the Kalapassi Online Store.

Fishing licenses, net markers, and crayfishing permits for the City of Uusikaupunki's water areas can be purchased from the Kalapassi online store:
www.kalapassi.fi

Fishing permits can be purchased in digital form or ordered as a weatherproof printed version delivered to your home. The delivery fee for printed licenses is €4.90 plus the online store's service fee.

Residents aged over 65 can collect their free net fishing permit tag at the Sakunkulma Day Centre, Zachariasseninkatu 1, Uusikaupunki, on Mondays, Tuesdays and Wednesdays from 8 am to 10 am.

STATE FISHERIES MANAGEMENT FEE

The fisheries management fee must be paid in 2025 if you are between 18 and 69 years old and fish with a lure or traps or engage in crayfishing. In 2026, the fisheries management fee does not need to be paid if you are only angling with a simple rod and line, ice fishing, or jigging for Baltic herring, or if you are under 18 years of age, or if you had turned at least 65 by 31 December 2023.

The fisheries management fee entitles the holder to fish with one lure in most parts of the country. In some cases, an additional permit from the owner of the water area is required. The fee is personal and must be paid even if you fish only in your own waters.

Fisheries management fee in 2026: 47 €/year, 16 €/7 days and 6 €/day.

The fisheries management fee can be purchased

online, by mobile app, by phone, or at the service desk. According to new legislation, everyone who has paid the fishing management fee will be registered in the fishing management fee register. The registration requires your name, contact information, and date of birth. This information will be used in the management of fishing waters and fish populations. Due to this registration process, it is no longer possible to pay the fee via bank transfer.

1. Eräluvat online shop

Log into the online shop at www.eraluvat.fi, register and purchase the fisheries management fee. The receipt can be printed out or saved on e.g. a mobile device.

2. Eräluvat mobile app

With the Eräluvat app, you can pay the fisheries management fee quickly and easily. You can download the application from Google Play or AppStore.

3. Service number +358 20 69 2424

(weekdays 9am–3pm)

Call the service number and register. You will receive an invoice by mail. Keep the receipt for your payment.

4. Service desk

You can pay the fisheries management fee and register at Metsähallitus Nature Centers and other authorized sales points (+ €3 service fee).

You should always have the receipt with you while fishing.

The fisheries management fee applies to fishing anywhere in Finland, excluding Åland.

FISHING ON LAKE RUOKOLA (RUOKOLANJÄRVI) AND KÄÄTYJÄRVI

Lake Ruokola is located near the city centre (Vakka-Suomenkatu). Ruokolanjärvi offers excellent opportunities for local fishing. Four fishing piers have been built around the lake. The fish population mainly consists of perch and pike.

Ruokolanjärvi covers an area of approximately 8 hectares. The lake is deepest (around 4 metres) near the fountain and shallowest (around 1 metre) at the end closest to Käätjärvi. At the ends of the piers, the water depth varies between two and three metres. The lake is relatively easy to walk around along the trails, which partly follow the local fitness trail.

Käätjärvi is a relatively shallow lake located next to Ruokolanjärvi. The fish population mainly consists of perch and pike.

Käätjärvi was dammed and expanded to its current size in the 1960s, when it served as a storage basin for the Ruokolanjärvi water intake plant. In the 1990s, efforts were made to improve the lake's recreational value by enhancing water quality; the lake was dredged and the so-called "floating islands" were removed due to safety concerns.

Today, the lake covers an area of approximately 20 hectares, with depths reaching up to three metres in some places. The surrounding area is a popular outdoor recreation spot, and the lake is encircled by a lit walking trail.

The Joy of Exercise – The Delight of Doing

In Uusikaupunki, time flies whether you're alone, with a partner, with family, or even with a larger group.

There is something for everyone, whether you are looking for sports, adventure, or relaxation – no matter your age or condition. Most sports and recreation venues are located close to the town centre. There are also plenty of services available in the active village centres.

In the town centre, you'll find an ice rink, a sports field, as well as various sports halls and fitness centres. At the Wintteri multifunctional centre, facilities include a swimming hall, the Uusikaupunki Arena, a gym, an athletics training area, a budo hall and a group exercise studio. In addition, you can enjoy horse riding, bowling, canoeing, fishing, diving and swimming – both in summer and in winter. The local golf course has one of the longest playing seasons in the country. At the Vahterusring ski tunnel, excellent conditions for cross-country skiing are guaranteed year-round. The tunnel also features a golf simulator. The city maintains cross-country ski tracks along the fitness trails, and they are available depending on weather conditions.

If you are interested in frisbee golf, you will find several courses in the area. Last summer, a new 18-lane course was constructed in Sorvakkö, near the

town centre, and there are also frisbee golf courses in Kalanti, Lokalahti, and Pyhämaa. In Kalanti, you can find a 21-lane, competition level frisbee golf course. There is also a practice area and a 200-metre driving range.

The competition-level padel courts by the Town bay provide an excellent opportunity to try out this popular game. An indoor padel court is available at the Uusikaupunki Sports Centre.

At the head of the Town bay, there is a skate park, where the whole family can enjoy a day of skateboarding, scooting, or biking, surrounded by great views. Next to the skate park are the popular Lion park playground and an activity park for senior citizens.

For the outdoorsy, there are various nature trails and jogging paths, mountain biking trails, lean-tos, and barbeque shelters. Along the Sorvakkö jogging path, you can enjoy the sea view and use the popular work-out stairs. The step 'culture stairs' at Telakanranta in Pyhämaa are also an excellent spot for a workout.

After a day of sports, why not relax in a sauna. Saunas are available for rent both in the town centre and nearby, and there are also a few public saunas open for use.

SEA VIEWS STRAIGHT FROM THE SAUNA BENCHES

Saunalaituri Höyry

Located in Janhuanniemi, just a couple of kilometres from the Market Square in Uusikaupunki, the self-service sauna Saunalaituri Höyry welcomes visitors all year round, daily from 10 am to 10 pm.

“It’s easy to reach us on foot, by bike or by car – and parking is free,” say entrepreneurs Minna Vainio and Ville Laiho.

The sauna offers one-hour public sessions (maximum 15 people per session), which can be conveniently booked and paid for online. Employee wellness benefits are also accepted as a payment method. The sauna can also be reserved for private use – for families, friends, work teams or companies. Heated changing rooms, toilet facilities and an excellent swimming spot make the experience enjoyable even in winter.

Next to the sauna, the Höyry’s log-built Hellin is available for booking during the summer season. This covered and atmospheric venue accommodates around 20 people. By separate arrangement, a party tent can also be provided, increasing the capacity by approximately 30 people. Hellin is a perfect setting for celebrations, meetings or relaxed evenings by the sea.

“Here, the sea, warmth and tranquillity create a special moment for everyone – whether you’re travelling, out for an excursion or simply enjoying some time off,” Minna and Ville promise.

How to enjoy a swim and sauna:

1. Go to www.saunalaiturihoery.fi
2. Choose a public session (max. 15 people / 1 hour) or book the entire sauna for private use.
3. Check available time slots and make your reservation.
4. Pay conveniently online (employee wellness benefits are also accepted).
5. You will receive a confirmation by email.
6. Arrive about 15 minutes before your session – and let Höyry take care of the rest.

GOLF WITH A GOOD MOOD AND DELICIOUS FOOD

Uusikaupunki Golf Club and Brasserie Golf

The Uusikaupunki golf course offers just the right amount of challenge for players of all levels. At Brasserie Golf, you can stop by for a delicious buffet lunch.

The Uusikaupunki golf course is centrally located, only a kilometre away from the guest harbour and other services of the town centre. The 18-hole course is known for its versatility. You will find fairways in park as well as forest areas, and the terrain is varying. There are also several ponds and an inlet to create more excitement.

Thanks to the vicinity of the sea, the golf course boasts one of the longest playing seasons in Finland. We welcome everyone interested

in golf, whether beginners or professionals, and you are also welcome to drop by just for lunch.

At the heart of the golf club is Brasserie Golf, which prepares a wide range of delicious dishes from local ingredients to satisfy both small and big appetites. Brasserie Golf is open daily from 8 am to 8 pm during the golf season and on weekdays from 10:30 am to 3 pm for lunch during the winter season, with evening and weekend service available by arrangement. Come and enjoy a nourishing lunch, a cup of coffee, or simply take in the stunning surroundings from the terrace. The venue is also suitable for various events and gatherings, so feel free to contact us.

A SEASIDE SKATE PARK FOR THE WHOLE FAMILY RIGHT IN THE HEART OF THE TOWN

Skate Park and Pumptrack

The skate park is in a beautiful setting at the head of the Kaupunginlahti bay, near the sea and the town centre.

The skate park is 300 square metres, and the pumptrack is around 1,000 square metres. The pumptrack has an asphalt surface with various curves and elevations shaped according to the terrain. There are also some mounds that

can be used for jumps. Part of the track is shaded by some cosy trees. Part of the skate park has an asphalt surface, which is good for beginners, but there is also a concrete part that is a suitable practice space for the more serious athletes.

The combination of a skate park and pumptrack allows people to train together, whether they

are using a skateboard, scooter, or bike. There are crisscrossing paths across the different areas to increase the number of optional routes. Next to the skate park are the popular Lions Park playground and an activity park for senior citizens.

HIKING, CYCLING OR DRIVING BY CAR IN THE ARCHIPELAGO

Velhovesi ring route

Experience some of the most beautiful archipelago without having to bother about boats or ferry timetables. Barrel through the whole 50 km in one go or take your time enjoying the beautiful archipelago.

The Velhovesi ring route takes you through the northern parts of the Uusikaupunki archipelago, around the freshwater basin. The route is about 50 km long. There are side roads leading to the Lepäistentie and Lyökintie turnarounds, to the Pyhämaa village centre, the tip of the Pitkäluoto spit, and the Mänäinen ironworks. The main route is signposted clockwise. The main route is marked with orange circles and the side roads with green circles. The directions are marked with arrows.

You can travel along the route, for example, with an e-bike that you can rent from the Tourist Information Office or from Santtioranta Camping. Along the route are villages where you can stay overnight, beaches where you can stop for a swim, scenic points where you can take a breather, and village shops where you can browse. There are also summercafé and restaurant in Pyhämaa. All scenic points, rest stops, beaches, attractions, and services are marked on the map brochure and the website.

Learn about centuries old stories along the Velhovesi ring route. Story points are marked in the brochure and the website as well as on signposts along the route. The signposts for the main route

are orange and those for the side roads are green. Stories marked with letters can be found either in the ring route brochure or on the ring route website via your mobile phone, under the “Stages” section.

Ring route brochures are available at the Tourist Information Office.

Farm-gate shops and REKO direct sales

REKO

is an online direct sales channel for local produce. You can order products by joining the REKO Uusikaupunki Facebook group at www.facebook.com/groups/687060364771544

The purpose of the group is to offer customers a way of ordering products directly from local producers, without the need for middlemen. Deliveries are made based on orders at pre-arranged times. Deliveries are made once a week on Thursdays between 6 pm and 6.30 pm. Delivery location is at the Uusikaupunki market square, by the bus station. If you cannot join the Facebook group, you can also come to the market square during the delivery time to meet the producers and make an order for the next delivery

PEACE OF NATURE, ACTIVITIES, AND SERVICE WITH A SMILE

Santtioranta Camping

Santtioranta Camping welcomes you to the seaside town of Uusikaupunki.

Santtioranta Camping is easy to reach, and it is located only just over a kilometre away from the Uusikaupunki market square. The distance from Turku is around 70 km and from Rauma around 50 km. We always serve our customers with a smile, and we have the nearest child-friendly beach to the town centre.

Santtioranta has seven cottages with a lovely view of the sea. There are also spacious spots available for those with mobile homes, caravans, or tents. The hostel accommodation rooms are available for booking year-round. Our cosy café-restaurant and ice

cream kiosk serves customers every day during the opening hours of the reception, offering both café treats and restaurant meals.

The services and activities of Santtioranta, surrounded by the beautiful seaside landscapes, are fun for the whole family. There are plenty of things to do here! You can rent bikes, e-bikes, scooters and skateboards. If you'd rather head out to sea, we also have rowboats, canoes, kayaks, and SUP-boards for hire. Our guests have access to a sauna (by order), a barbecue shelter, and outdoor barbecue as well as a playground and playhouse for the children. During the summer, we organise themed evening activities. Summer Mondays are dedicated to children, and on Saturdays you can enjoy live music.

COME AND HAVE A NICE TIME IN RAIRANTA!

Rairanta, SF-Caravan Vakka-Suomi

Rairanta welcomes caravanners to the southern side of Uusikaupunki, on the shore of a beautiful sea bay.

Rairanta is a cozy 14-hectare caravan park located approximately 7 km south of Uusikaupunki. Clear signposts to Rairanta can be found along the road between Taivassalo and Uusikaupunki. The area offers 270 pitches for motorhomes and caravans.

Rairanta has been awarded the Caravan Site Quality System's "Vankkurihymiö" quality label, a mark of high standards and safety. We are also a Caravan Huiput premium partner site. Rairanta has been selected as Caravan Site of the Year three times: in 1994, 1997, and 2008. The site is open year-round, with continuous on-site host service.

During the summer, the kiosk operates in the central field area, and at other times in connection with the office. The kiosk sells coffee, ice cream, sweets, and a selection of basic travel essentials. Guests

have access to a kitchen and dining area with plenty of table space. The main building also includes dishwashing facilities and laundry services. There are separate public saunas for men and women, as well as three well-equipped private saunas available for booking. Rairanta's shallow sandy beach is safe for children. The beach area features a sun terrace, a campfire shelter, two SUP boards, and rowing boats for activities such as fishing.

For young people, there is a dedicated youth space called Raikkuli, equipped with a TV, PlayStation, and games. Children can enjoy two playgrounds, yard games, and hobby horses with obstacles. Inside the main building, you'll find the Pikkutähti lounge, where children can play, draw, play games, or even watch a movie. At events, you might also meet our very own mascot, Rainalle.

You can climb to the top of Trainkallio via 76 fitness steps. At the

top, there is a birdwatching tower with sea views and an 18-hole frisbee golf course. The course winds through varied rocky terrain, making it both interesting and challenging. Discs are available to borrow from the office.

Dogs are also well catered for at Rairanta, with a dedicated dog shower, dog-friendly beach, and a fenced dog area near the entrance.

We warmly welcome caravanners of all ages!

ENJOY AN ARCHIPELAGO HOLIDAY BY THE SEA

Fishing and Holiday Village MeriKoivula

MeriKoivula invites you to enjoy the peace of nature, beautiful seaside scenery, and a wide range of activities in Lokalahti, Uusikaupunki. The distance to Uusikaupunki town centre is approximately 16 km, and to Turku about 65 km.

There is plenty of choice when it comes to accommodation. The modern Villa cottages, completed in 2020 and equipped with private saunas, comfortably accommodate up to eight guests. The renovated log-built Villa Holm also offers space for up to eight people. Smaller families will enjoy the cozy, traditional log cabins, while the beachfront cottage Holm provides extra privacy and the gentle heat of a wood-fired sauna right by the water.

MeriKoivula is a paradise for anglers. From the guest marina, you have easy access to open waters. Rental boats include larger Tuna 422C boats as well as smaller Kasse 340 models. Your catch can be prepared at the fish-cleaning tables, and the day is perfectly topped off with delicious meals prepared on Kamado Joe grills or in smoking ovens.

Meetings, celebrations, and group events can also be arranged in idyllic surroundings. The meeting

and banquet facilities accommodate up to 60 people, and there are two saunas: a spacious sauna for 15 guests and the six-person beachfront sauna Holm by the sea. In addition, the loft of the storage building features an impressive and stylish barn venue for up to 100 guests. The setting is ideal for team days, corporate wellbeing events, or Christmas parties.

There is plenty to do in your free time. Two high-quality tennis courts, football and volleyball fields, children's playgrounds, and a fitness area ensure an active holiday. All sports equipment is available free of charge for guests.

The villas are available year-round. Meeting facilities and cabin rentals complement the offer from April to October.

Welcome to the tranquility and experiences of the archipelago!

ENJOY A SPECTACULAR HOTEL EXPERIENCE ON THE BEAUTIFUL BAYSIDE

Hotel Aittaranta

Hotel Aittaranta, which is located on the bayside by the bridge, is a quaint alternative to more traditional hotel accommodation. The beautiful rooms have a view of the Kaupunginlahti bay.

The location of the hotel is excellent, as all the services of the town centre, including the marketplace, are right next door. Café Aitta, a lunch café, is located in the same building, and there

are plenty of other restaurants and bars to choose from along the bayside. The hotel has its own moorings for guests arriving by boat.

The hotel building was finished in 2018. It has 16 high-quality two-person rooms, some of which have a sauna. There are also two suites above Café Aitta. All rooms have air-conditioning. Bookings can be made on the hotel's own website.

COSY VILLAGE OF LOG CABINS SURROUNDED BY NATURE

Pinetree Cottages

Pinetree Cottages offers accommodation in cosy log cabins surrounded by the peaceful nature, far away from the bustle of the town. The cottages are located about 10 kilometres from the Uusikaupunki town centre.

The log cabins are surrounded by a beautiful and peaceful pine forest, and there is a pond for the private use of our guests. You can go for a swim in the pond or go out on a boat or SUP-board. Winter swimming is also possible. By the nearby lake, there is a lean-to where you can enjoy the beautiful surroundings.

There are five 6-person cabins

available year-round and an additional four 4-person cabins during the summer season.

Each cabin has its own wood-burning sauna, shower, indoor toilet, kitchen, barbecue, parking spot, and a road leading all the way up to the cabin. We also serve our customers in English and German. Come and enjoy a relaxing break with us!

ESCAPE EVERYDAY LIFE IN THE HEART OF THE ARCHIPELAGO

Pirkholma Holiday Cottages

Pirkholma offers the perfect escape from everyday life – peaceful nature, coastal scenery, and modern comforts just about 10 kilometres from the centre of Uusikaupunki.

Pirkholma features six unique, hotel-standard holiday cottages where privacy and comfort are guaranteed. Each cottage has its own private sauna and shoreline. Surrounded by forest, the peaceful setting ensures a relaxing stay without disturbances. The cottages are located by clean, clear waters, making it easy to take a refreshing swim straight from the sauna at any time of year or day.

Depending on the season, the cottages offer ever-changing views over the picture-perfect archipelago landscape.

Sustainability is an important value at Pirkholma. Wastewater from the cottages is connected to the municipal sewage system to help preserve the surrounding waters for future generations. Pets are welcome, and rental SUP boards and bicycles add extra enjoyment to your holiday.

Welcome to experience your own peaceful retreat in the heart of the archipelago – all year round!

GREAT FOOD, DRINKS AND LIVE MUSIC

Captain's Makasiini

Captain's Makasiini invites you to enjoy the seaside atmosphere and a sunny terrace by the Town bay.

At our place, you dine on a glazed and solid-roofed terrace throughout the year. Indoors, there is seating on two floors. The upstairs cabinet is available for all kinds of private events. From May to September, we are open daily; otherwise, Monday through Saturday. A delicious lunch with various options is available on weekdays from 11 am to 2 pm.

Captain's Makasiini is a perfect combination of new and old in a historic setting. We take pride in our restaurant's easy-going atmosphere, delicious food and great customer service. In our restaurant, you can enjoy live music all year round. During the summer, music is available from Wednesday to Saturday, and on other times, it's on weekends. All performances are free of charge.

Our menu is based on fresh local ingredients, and we offer both artisan pizza and delicious seafood. "We always want to be

the place where you can count on having a great experience. Our motto is to offer experiences for all senses", restaurateur **Reija Sallinen** says.

A COZY SEASIDE-INSPIRED CAFÉ IN THE TOWN CENTRE

Bakery Shop & Café Paapuuri

At Paapuuri's maritime-inspired café, you can enjoy your treats on site or take freshly baked, handmade products with you. Our display counter offers both sweet and savoury delicacies, including gluten-free and often vegan options. Our wide selection of loose-leaf teas and coffees includes specialty coffees, cold

brew drinks, and coffee and tea accessories. On weekdays, we serve a soup lunch from 11:00 am to 2:30 pm (not available 22 June–31 July).

Our coffee is always fresh and responsibly sourced – we grind the beans daily as needed. Our tea shop features a broad and season-

ally changing selection of loose-leaf teas, and we are a retailer of Teeleidi tea products. We also organise tea-themed events. The café terrace is located on a charming courtyard street, and the warmly decorated indoor space offers seating for around 40 guests. "Joyful service, cleanliness, craftsmanship, and responsibility are important values to us – we want to protect the clean archipelago and sea by minimising the amount of waste we produce," emphasises entrepreneur **Ilona Rantapelkonen**.

Traffic

LOCAL PUBLIC TRANSPORTATION VUKI

Local public transportation is open to everyone and operates on school days. There is a flat fare. The ticket price for adults is €3, for children aged 7-11 it is €1.50, and children under 7 travel for free. Payment is accepted in cash or with most common bank and credit cards. Suitable Seutu+ season tickets are also accepted on local routes.

You can choose between traditional route services or request a Vuki ride within the downtown area.

A dozen routes serve the areas of Pyhämaa, Lokalahti, and Kalanti as well as connections between the areas and downtown. **Vuki rides**, are on-demand services within the downtown area, based on customer requests. Orders can be made from one neighborhood stop to another via phone or online service. There are over 100 stops within the service area.

For more information on public transportation and links to schedules and booking services, visit: uusikaupunki.fi/en/public-transport

REGIONAL PUBLIC TRANSPORTATION

From the Seutu+ service, you can also find bus routes and schedules to nearby municipalities: Turku, Vehmaa, Pyhäranta, and Rauma, as well as Laitila and Taivassalo. For more information, visit: seutuplus.fi/en
