PERFECT CHOICE FOR A RELAXING BREAK!

Charming Uusikaupunki

The beautiful seaside town of Uusikaupunki has a southern European feel to it. The charming old wooden houses, interesting sights, the wide range of activities, excellent cafés and restaurants, as well as the amazing sea and nature attractions are sure to make your visit a memorable one.

WOODEN HOUSE ENTHUSIAST'S DREAM

The perfect place to start your visit to this beautiful seaside town is by the Kaupunginlahti bay, where a series of story boards and seaside ponderings embedded into walls and paving stones create a kind of outdoor museum. The 19th century storehouses along the bayside were originally used for storing salt, but now they house excellent restaurants and terrace bars.

Uusikaupunki is home to one of the most extensive and best-preserved Empire style wooden house districts in Finland. Six hundred wooden houses in more than forty blocks will make you wish you could peek inside. And you can by attending the Old Houses of Uusikaupunki event on 3–4 September. You can already see some of the gardens during the guided walking tours in the summer. During the guided tours, you can experience many stories about Uusikaupunki. In addition to garden walks, there are various other guided walks with themes such as the Treaty of Nystad, Stories by the Bay, the Seven Great Fires, and a character tour led by Sanni Winter. The Petäjämäki-themed “detective walks” are hosted by the author of the Petäjämäki books, Rake Tähtinen. You can also experience the history of the town on your own using our mobile apps.

PLENTY TO SEE IN A NEW TOWN

The beautifully painted Art House Pilvilinna with its cottage, art trail, and rose garden is a captivating experience. Wahlberg's museum house provides a glimpse into the life of a merchant family during the golden age of the town's seafaring history. The museum's exhibition takes you to the dark side of the town to show you what went on after sundown. For more maritime history, you can also visit the Naval Pilot Museum and the Sailor's Home Museum.

The Automobile Museum has three exhibition halls full of wonders for car fans of all ages. In addition to a wide range of vehicles, you can visit some unique miniature worlds. The title of the most peculiar museum in town goes to the Bonk Museum, which exhibits a range of out-of-this-world inventions and defuncted machines. In the children's Innovatorium workshop, younger visitors can design their own Bonk devices.

The Minifarm & Flower Fair offers solutions for building, renovating, gardening, and outdoor living areas. The evening market events at the Pakkahuone guest harbour and the themed Tul toril market events are a must see for any visitor. On Myllymuori's children's adventures in July, Myllytonntu attempts a trip to space. The Crusell Music Festival on 23–30 July takes listeners back to the swinging 1920s.

You can read more about the natural attractions and various activities on offer from sections Sea and nature and Relax and refresh.

REGULAR VISITORS ENJOY RETURNING TO UUSIKAUPUNKI

Friends Eila Urkola and Hilkka Orava visit Uusikaupunki every year. They think that Uusikaupunki is one of the most beautiful towns in Finland, and they often visit during the Crusell Music Festival.

“We’re both extremely unmusical people. But that doesn’t prevent us from enjoying music”, Orava points out. The duo from Salo often plan their trips to Uusikaupunki in a very similar manner: they arrive at the bus station, rent bikes from the Tourist Information Office, ride their bikes to the hotel to drop off their bags, and then take off to enjoy the town.

“We’ve visited Uusikaupunki every summer for the past two decades. If we can’t make it to the Crusell Music Festival for some reason, we visit some other time. We always need to come here once a year”, says Urkola, who was born in Uusikaupunki.

The friends have stayed in the same room in Hotel Aquarius nearly every time, and they always select the same familiar bikes to rent. Even though their trips always follow a similar itinerary, they usually choose concerts from the music festival that are something new to them.

“I especially like the atmosphere here because people don’t come here just for the sake of appearances, they come for the music. Here you can be yourself and do whatever you like”, Orava describes.

The friends don’t mind sharing their love for Uusikaupunki with others. They even wear their Crusell t-shirts to the Helsinki Festival, the Turku Music Festival, and the Kuhmo Chamber Music Festival.

BEAUTIFUL TOWN WITH EXCELLENT SERVICES

The two friends describe Uusikaupunki as perhaps the most beautiful town in Finland. They are especially fond of the way in which the rich history of the town has been presented as well as the old wooden houses and great services.

“Many people don’t really understand what a wonderful wooden town this is, I think it’s the most beautiful of them all. Here the old houses aren’t just a tourist attraction, but people live in them”, Orava explains.

A visit to the Wahlberg’s house museum is one of the highlights of their trip. “The museum combines several things splendidly. Firstly, there’s the house itself, which showcases local history and the life of a merchant family. Secondly, the upstairs exhibition shows the maritime history of the town, and thirdly, the temporary exhibitions downstairs are always very interesting”, Urkola says. “The exhibitions are so well put together that they put many much larger museums to shame”, Orava adds.

Although shopping isn’t usually among Urkola and Orava’s favourite pastimes, they always find something interesting in Uusikaupunki. This year Orava is going home with several new items of clothing, and Urkola found a new lamp. “I wonder if the locals realise what wonderful shops and excellent service they have here. For example, I bought a new pair of jeans yesterday, and today they had already been taken up for me. The service is always friendly and helpful. There’s really no point in leaving town to go shopping”, Orava says.

Although the duo believes that the town with its music festival is nearly perfect already, they do have one suggestion for improvement. “Even though Uusikaupunki is a car-manufacturing town, there could be a few more bike routes in the town centre. That’s really the only criticism we have”, they say.

EXPERIENCE THE GOLDEN AGE OF SEAFARING AND THE LUXURY OF A MERCHANT'S HOUSE

Wahlberg's house

Wahlberg's house is part of the Uusikaupunki Museum. The museum showcases the golden age of the town's seafaring history and the life of a middle-class family.

Wahlberg's house was built more than 150 years ago by the founder of a local tobacco factory, Fredrik Wahlberg. The house still has its original decorative tile stoves, skilfully made frescoes, and hand-painted wallpapers in the parlour. The big hall also has a chandelier brought from Italy. In the downstairs rooms, you can almost smell the smoke from pipe tobacco and hear the rustle of the ladies' silk dresses.

Upstairs, the museum houses a collection celebrating the maritime tradition of the town. Seaman's chests, souvenirs, paintings, and navigational instruments all have their stories to tell of the golden age of seafaring and shipbuilding. The upstairs exhibition also showcases the more recent history of shipbuilding, shipyards, and the local automobile industry. You can even spot the shoes of the local basketball player, Gerald Lee Jr.

The downstairs exhibition space hosts a series of temporary exhibitions. During summer 2022, Wahlberg's house museum dives into the dark side of Uusikaupunki – everything slightly suspicious, shady, exciting, or even criminal that took place in the nighttime under the cover of darkness.

At the end of November, Wahlberg's museum house gets ready for Christmas with its traditional decorations.

Children are also welcome at Wahlberg's house. They can play detectives in the museum and do different tasks related to the exhibition. The outbuilding contains a cobbler's workshop as well as a play area for children.

The Wahlberg's house museum shop has some of the best souvenirs and gifts in town.

EXPERIENCE THE MARITIME HISTORY OF UUSIKAUPUNKI IN THE SUMMER MUSEUMS

The Sailor's Home Museum and the Naval Pilot Museum

To balance off the luxury of the tobacco merchant's house, visit the Sailor's Home Museum on the western edge of Myllymäki, where you can imagine what the life of an ordinary sailor's family was like in the early 20th century Uusikaupunki. The museum building is one of the oldest remaining residential buildings in town, and it was probably built in the late 18th century.

The Uusikaupunki pilot station used to be located on the Vallimäki hillside, where you can enjoy a great view of the sea. Pilots were tasked with making sure ships were able to reach and leave the harbour safely. The pilot station, which was built in 1857, is now a museum where you can learn more about this dangerous profession that was often passed down from father to son.

CRUSELL MUSIC FESTIVAL

“THE GOLDEN TWENTIES – MUSIC IN THE WEIMAR REPUBLIC”

Crusell Music Festival 23–30 July

This year, the Crusell Music Festival – the highlight of the Uusikaupunki summer season – takes you on a journey to the world of “forbidden music”.

The festival’s program showcases composers such as Kurt Weill, Igor Stravinsky, and Gustav Mahler, who were targeted by the Nazi regime for different reasons. In the spirit of the time, Hans Severius Ziegler organised exhibitions with the theme “Entartete Musik” (degenerate music), where the music of these forbidden composers was ridiculed. The exhibition took place over seven days, which loosely forms the basis for the Crusell Music Festival’s program. Concerts will be held in the Uusikaupunki churches as well as other churches in the area.

The main star of the festival will be the charismatic baritone Waltteri Torikka, who will be performing in the Uusikaupunki New Church on Thursday, 28 July. A glamorous show starring

fantastic cabaret singer Meow will transport listeners to the golden twenties of Berlin with the music of Kurt Weill and Ernst Krenek.

The festival will naturally have plenty of classical and baroque pieces on offer, as well as music by B.H. Crusell, not to mention some lighter, jazzier numbers. The festival starts off on Saturday, 23 July at noon with an opening number at the Uusikaupunki market square. There will also be free daily “Fanfare of the day” concerts at the market square throughout the festival. Last year’s popular garden concert will be held once more in the heart of the wooden house district, and the memorable picnic event Night of the Lanterns will bring locals to the Vallimäki hillside to enjoy a summer evening with good music, lanterns, and great food.

CRUSELL MUSIC FESTIVAL 2022

The program and tickets are available from 18 March onwards.

Tickets to the festival are available at www.lippu.fi offices across the country, at the Uusikaupunki Cultural Services Office, tel. +358 50 4205 401, and from 1 June onwards at the Uusikaupunki Tourist Information Office, Rauhankatu 10.

The festival program is available at www.crusell.fi

EXCITEMENT, FUN, AND GOOD SPIRITS

Myllytonttu goes to space

Myllymuori has heard that space travel has become very fashionable. But how do you go to space?

Myllytonttu believes that you get to experience the wonders of the universe if you can only pass the astronaut exams and know how to build a proper spaceship. The exams are not easy, but we can get through them if we put our heads together. An astronaut must also be suitable for a flight to the moon, and for this we must use a very technical measuring device, the scales at Vaakahuone. We can build a rocket together. Rockets should have all kinds of buttons and gizmos, not to mention hatches for looking at the stars.

The fun adventure trip is full of stories, music, games, and small tasks. The groups go around on foot amid the beautiful wooden houses, taking in the sights. Special space-themed music has been composed for the adventure.

The family space adventures are organised in co-operation with Uudenkaupungin Vanhat Talot ry and the Uusikaupunki Tourist Information Office. It is recommended that under school-aged children are accompanied by an adult, and strollers are recommended for small children. The trips are also well suited for kindergarten and school groups.

**FANTASTIC JOURNEY
INTO THE WORLD OF
IMAGINATION**

Bonk Museum and Children's Innovatorium

There is no place as wondrous as the Bonk Museum, where you can get to know the history of the Bonk Business Inc. industrial empire. Step into the wild and fantastic world of Bonk. The museum houses things such as defunctioned machinery, cosmic therapy solutions, disinformation systems, and localised black holes.

The museum houses a collection of carefully restored Bonk devices and products from mid-1800s to the 1950s. Bonk is a fun fantasy product based on an idea by artist Alvar Gullichsen. Oy Bonk AB is a fictional family company with a whole history woven around them and all kinds of inventions attributed to them. The Bonk family is known for example for creating

“a stimulating anchovy-based relish” and discovering the “dynamo effect caused by the movement of giant anchovies”.

The outbuilding houses a children's workshop, Innovatorium, where the more age-challenged members of the family can design and build their own Bonk machines.

THERE ARE PLENTY OF GOOD REASONS TO VISIT PYHÄMAA

Come and fall in love with Pyhämaa!

PYHÄMAA TOURISM ASSOCIATION

Tel. +358 40 688 2605
and +358 45 651 9941

www.pyhamaa.fi

The seaside village of Pyhämaa has a lot to offer; in addition to beautiful natural surroundings, which you can experience, for example, on the Liesluoto and Pamprinniemi nature trails, there are plenty of events and activities that bring together locals and visitors alike, including a frisbee golf track and outdoor gym, volleyball courts, and kayak rental. There is plenty to see and do during the summer. The most popular sight in the village is the Pyhämaa Old Church (“Uhrirkirkko”), which is both a spiritual and an aesthetic experience. The museum storehouses in Telakanranta showcase the history of fishing and seafaring in the region.

Pyhämaa is also an excellent destination for a cycling trip, as the islands are now connected by bridges. Stop for a swim – in either the sea or in fresh water – and a barbeque on one of the three beaches, or just sit down and admire the views. Don’t forget to bring your camera!

The local school, which is over 120 years old, is the pride and joy of Pyhämaa, and local associations support the school in educating the children in a communal environment. The communality is what brings many families to Pyhämaa.

Why not drop out of the rat race yourself and choose a relaxing and natural way of living? Here we have helpful neighbours and plenty of communal spirit.

Welcome to Pyhämaa – we welcome both new residents and travellers with a smile!

UKIAR – AUGMENTED REALITY APPLICATION

Experience the history of Uusikaupunki in an entirely new way and learn about the town and its history with a virtual guide! The augmented reality application UkiAR provides an interesting pastime that you can engage with whenever it suits you best – by yourself or with friends and family. The application includes 14 unique story points scattered around the Kaupunginlahti bayside and the town centre. In the application, you are guided by a 19th century maid called Rauha who will join you at the story points marked on the map. She has somehow got stuck in time and can tell you about the history of our seafaring town from a period of about 150 years. She will also show you some

old photographs from the collections of the Uusikaupunki Museum.

The content of the application has been created in cooperation with local businesses, tour guides, the Uusikaupunki Museum, and Uusikaupunki Culture and Tourism. It is part of a project managed by Ukipolis Oy and funded by Leader Ravakka and various local companies.

You can download the application from Google Play or AppStore. Further information and download links: visituusikaupunki.fi/UkiAR

OTHER INTERESTING PLACES

Town centre and wooden house district

According to the Finnish Heritage Agency, Uusikaupunki is one of the best-preserved Empire style wooden towns in Finland. An extensive wooden house district built in a grid layout in the centre of Uusikaupunki and dating from the late 19th century has been well preserved.

The town has been damaged by several extensive fires, the latest of which were in 1846 and 1855. Most of the current town centre was built after this. The modern town plan was designed by architect Georg Theodor Chiewitz in 1855. The town centre has more than 40 blocks containing around 600 old wooden houses. Uudenkaupungin Vanhat Talot ry organises the annual Old Houses of Uusikaupunki event (4–5 September 2021) that allows visitors access to some of the houses and gardens.

Kaupunginlahti bayside and story boards

The sea reaches the city centre in the form of Kaupunginlahti Bay. Its shores are popular among locals and tourists alike in the summer. The maritime phrases and names of ships on the seafront promenade are related to the maritime history of the city. The names of the piers represent the routes of former merchant ships: Stockholm, Copenhagen, and London. Story walls presents these three cities.

Around the vicinity of the Kaupunginlahti Bay you can also find 10 information boards with photos and delightful stories of life in the old days.

Lakes in the seaside town

There are two lakes near the town centre: Käätyjärvi and Ruokolanjärvi. The Ruokolax fishing park for the whole family is located in Ruokolanjärvi. For more information, see Fishing in the section Sea and Nature.

Myllymäki Windmill Park

The hill is home to four historic windmills, many flowerbeds, steps, millstones and a children's playground. The northern side has an arboretum where different tree species are marked with signs. There is also an old water tower on the hill that functions as an observation tower, but unfortunately there is no longer a possibility to get up to the tower. The tower is 50 m from sea level.

Old Männäinen ironworks

Männäistenkoskentie, Kalanti. At the old Männäinen ironworks, you can experience the history of iron refining in the 18th and 19th centuries. The Männäinen ironworks area has some well-preserved production buildings, such as the unusually large coal house and the grey stone chalk house. The ironworks today looks very similar to when its operation ended in early 19th century. The area and the buildings are privately owned, but you can view some of them from the outside.

Graveyards

By the Old Church there are soldiers' graves and some ancient graves. The city's actual graveyard is at the junction of Autotehtaankatu and Kalannintie. There are graves in the graveyard dating from 1849. There is an old graveyard by Lokalahti Church and a new one by Palomäentie. The Pyhämaa graveyard is located by the Pyhämaa Church, and Kalanti Church is also surrounded by a local graveyard.

Radansuu watermill

The old Radansuu watermill is located at the border between Pyhäranta and Uusikaupunki, at Radansuuntie 178. The watermill was built in early 19th century and is still fully operational. Reportedly there has been a mill in the same location already in the 16th century. The watermill was originally operated by a paddle wheel, but it was later changed into a turbine-powered mill. The watermill is currently in private ownership.

Experience the beauty and mystery of the archipelago

Uusikaupunki is an old seaside town, and you can learn about its seafaring history in various museums and exhibitions. The seaside atmosphere is apparent on the cozy bayside boulevard right at the heart of the town.

Uusikaupunki is surrounded by a beautiful archipelago full of stunning natural scenery, idyllic islands, and the clear waters of the Bothnian Sea National Park. If you are arriving by boat, you can enjoy the services of the Pakkahuone guest harbour, which has been nominated the best in Finland. Pakkahuone, with its evening markets and other fun events, is a popular summer meeting place.

You can easily experience the wonders of the archipelago even without a boat of your own. Choose one of the many cruises on offer or board a taxi boat to see the sights, such as sunken sailing ships. On M/S Kerttu, you can sail to the Isokari lighthouse island or join a seal safari that will take you far out to sea. M/S Kerttu also offers guided sightseeing cruises where you can hear stories from the seaside town.

After boating, why not try some fishing or swimming. There are 11 public beaches in

Uusikaupunki. Some of them are seaside beaches and some are lakeside beaches. Uusikaupunki is also a popular spot for fishing contests. The Street Fishing contest, where contestants fight for the title of Kalakunkku 2022 (king of fishers) will be organised in the town centre for the third time on 27 July.

The Velhovesi ring route is a route of bridges across the islands that lets you enjoy the beautiful archipelago without having to bother about boats or ferry timetables. You can cycle around the route and stop to enjoy the beautiful archipelago whenever you feel like it. You can also drive around the 50-kilometre route by car, admiring the sea views as you go. Another great location for enjoying the sea and nature is the Pamprinniemi nature trail in Pyhämaa. Hiunjärvi is a lake near the town centre that is a popular spot for birdwatching. There is also a nature trail around the lake.

On the Haidus island, you can find the summer restaurant Odine, and the nearby Pietarinkari island, which houses the local yacht club's pavilion, will also get a new restaurant. In addition to the restaurant, the yacht club maintains its own guest harbour.

A MEETING PLACE FOR PEOPLE OF ALL AGES BY THE BAY

Pakkahuone guest harbour

Pakkahuone guest harbour in Uusikaupunki has been the favourite stop of many boaters for a long time. It has been voted the best guest harbour in Finland three different times as well as awarded several other commendations, and no wonder.

On the north bank of the idyllic Kaupunginlahti bay is the Pakkahuone café with its famous freshly baked sweet and savoury pastries. The most famous of them all is the delicious doughnut that people come for from a distance! Our terrace is licenced to serve alcohol, and we also serve our renowned pizzas and other delicious dishes.

The guest harbour is open from April to the beginning of October, and there are moorings for 70–80 boats. The harbour

fee includes mooring, use of the great sauna facilities, showers, washrooms and toilets as well as water and waste management. Other services include laundry facilities, free internet for customers, Wi-Fi, and bike rental.

From late June onwards Pakkahuone organises traditional evening market events. Come to see the bayside fill up with market vendors and enjoy a truly continental atmosphere. There will also be something for the children.

The Pakkahuone boutique is a real window into the offerings of the town. You will find fresh vegetables from local producers and interesting local entrepreneurs with their wares.

Come and enjoy a bit of shopping!

A LIGHTHOUSE ISLAND IN A MARINE NATIONAL PARK

Isokari

The Isokari lighthouse island is the most beautiful attraction of the southern part of the Bothnian Sea.

Isokari offers visitors a range of services in the peaceful archipelago. The tallest lighthouse in the Gulf of Bothnia is surrounded by exquisitely beautiful nature. The Isokari island is part of the Bothnian Sea National Park.

The lighthouse itself is from the era of the Russian Empire, from 1833. You can visit the still operational lighthouse on one of the guided tours, which are held daily during the summer.

The 186-hectare island has

plenty of other interesting sights in addition to the lighthouse. You can take a stroll along a nature trail, spot rare plants and birds, pet the sheep, and marvel at the beauty of the endless horizon. The morning activities of the island's native black guillemots are a wonderful sight – you can enjoy watching them by spending the night at Isokari!

The island has great services for travellers, including a hotel, restaurant, and guest harbour. Cruises to the island are organised from early spring to late autumn, and many people also like to visit the island by their own boat.

The summer hotel is located

right by the beautiful lighthouse. The small hotel only has six flats, so make your booking already in the spring! During high summer, you can travel to the island on M/S Kerttu, and during spring and autumn, there are different kinds of themed packages available.

Isokari offers a beautiful setting for meetings and business functions, and the island is a perfect place to organise your birthday or perhaps an engagement party.

The island is easy to reach by M/S Kerttu or your own boat.

CYCLING OR DRIVING BY CAR IN THE ARCHIPELAGO

Velho-vesi ring route

Experience some of the most beautiful archipelago without having to bother about boats or ferry timetables.

Barrel through the whole 50 km in one go or take your time enjoying the beautiful archipelago.

The Velho-vesi ring route takes you through the northern parts of the Uusikaupunki archipelago, around the freshwater basin. The route is about 50 km long. There are side roads leading to the Lepäistentie and Lyökintie turnarounds, to the Pyhämaa village centre, the tip of the Pitkäluoto spit, and the Männäinen ironworks. The main route is signposted clockwise. The main route is marked with orange circles and the side roads with green circles. The directions

are marked with arrows.

You can travel along the route, for example, with an e-bike that you can rent from the Tourist Information Office or from Santtioranta Camping. Along the route are villages where you can stay overnight, beaches where you can stop for a swim, scenic points where you can take a breather, and village shops where you can browse. There are also cafés and restaurants along the route. All scenic points, rest stops, beaches, attractions, and services are marked on the map brochure and the website.

You can also rent canoes from the camping site. At Telakanranta in Pyhämaa, there are 8 different kinds of kayaks available for rent. You can choose different routes

from the sheltered freshwater basin to the stunning Sea of Bothnia. The kayak routes have easy passage between sea routes and inland waters.

Learn about centuries old stories along the Velho-vesi ring route. Story points are marked in the brochure and the website as well as on signposts along the route. The signposts for the main route are orange and those for the side roads are green. The plaques contain QR codes that you can scan with your mobile phone. By scanning the QR code, you can read the story directly from your phone. You can therefore read the stories either from the brochure or from your phone.

Ring route brochures are available at the Tourist Information Office.

MANY POSSIBILITIES FOR SPORTS AND RECREATION

Relax and refresh in Uusikaupunki

Uusikaupunki offers many possibilities for sports and recreation for lone travellers, couples, families, and even larger groups.

There is something for everyone, whether you are looking for sports, adventure, or relaxation – no matter your age or condition. Most sports and recreation venues are located close to the town centre.

You will find a public swimming pool, an ice rink, an athletics field, gyms, and fitness centres. There is a wide range of activities on offer, including horse riding, bowling, kayaking, fishing, scuba diving, and swimming. The local 18-hole golf course has one of the longest seasons in Finland. The Vahterusung ski tunnel always has perfect conditions for skiing, running, cycling, and roller-skating. The ski tunnel is also home to a golf simulator.

If you are interested in frisbee golf, you will find several courses in the area. Last summer, a new 18-lane course was constructed in Sorvakko, near the town centre, and there are also frisbee golf courses in Kalanti, Lokalahti, and Pyhämaa. In Kalanti, you can find a 21-lane, competition level frisbee golf course. There is also

a practice area and a 200-metre driving range.

The new competition-level padel courts by the Kaupunginlahti bay provide an excellent opportunity to try out this popular game. There are beginner's courses available for new players and playing equipment for hire.

At the head of the Kaupunginlahti bay, there is a skate park, where the whole family can enjoy a day of skateboarding, scooting, or biking, surrounded by great views. Next to the skate park are the popular Lions park playground and an activity park for senior citizens.

For the outdoorsy, there are various nature trails and jogging paths, mountain biking trails, lean-tos, and barbeque shelters. Along the Sorvakko jogging path you will also find some workout stairs with a great view of the sea. The City of Uusikaupunki maintains ski tracks on local jogging paths during the winter, weather conditions permitting.

After a day of sports, why not relax in a sauna. There are several rental saunas in and near Uusikaupunki. They also provide an excellent opportunity for bachelor parties and other group events.

LONG PLAYING SEASON AND GREAT LOCATION

Uusikaupunki Golf Club

The Uusikaupunki golf course offers just the right amount of challenge for players of all levels.

The Uusikaupunki golf course is centrally located, only a kilometre away from the guest harbour and other services of the town centre. The 18-hole course is known for its versatility. You will find fairways in park as well as forest areas, and the terrain is varying. There are

also several ponds and an inlet to create more excitement.

Check out the Pro Shop to find the best equipment for your game. After the round you can enjoy the quality menu of our restaurant or pop into the sauna to relax.

Thanks to the vicinity of the sea, the golf course boasts one of the longest playing seasons in Finland, usually from April to November. We also organise beginner courses. Welcome!

Skate Park and Pumptrack

The skate park is in a beautiful setting at the head of the Kaupunginlahti bay, near the sea and the town centre.

The skate park, which was completed last summer, is 300 square metres, and the pumptrack is around 1,000 square metres. The pumptrack has an asphalt surface with various curves and elevations shaped according to the terrain. There are also some
