And you can by attending the Old Houses of Uusikaupunki event on 7–8 September. You can already see some of the gardens during the guided walking tours in the summer. There are also guided walking tours (in Finnish) with different themes: The Treaty of Nystad, Stories by the Bay, Seven Great Fires, Sanni Winter, and Myllymäki.

SPECIALTIES OF A SMALL TOWN

The Automobile Museum has three large exhibition halls with plenty to see for car fans of all ages. The Bonk Museum exhibits a range of out-of-this-world inventions and defuncted machines. family and played in the local team which was then called Uudenkaupungin Urheilijat. Coaching has provided a fitting continuation for his long and successful career in basketball. In addition to Finland, he has coached teams in Austria, Germany, France, and Greece, and he even joined the NBA coaching team for the Toronto Raptors for one season. He has been named the Coach of the Year eight times in four different countries.

World Champion coach has strong ties to Uusikaupunki

Gordon Herbert is a world-renowned Canadian-Finnish basketball coach. His latest great achievement was leading the German national basketball team to a World Cup victory last autumn. Because of this, Herbert was named the German Coach of the Year 2023 at the annual sports gala organised by the German Olympic Sports Confederation.

Herbert, who was born and raised in Penticton, Canada, moved to Finland around 40 years ago. Young Gordie was originally interested in playing ice hockey, but his basketball-playing mother got him into the sport when he was 14. From the University of Idaho basketball team he moved on to the Canadian national team, participating in both the 1984 Olympics and the 1986 World Cup.

In 1991, Gordie moved to Uusikaupunki, started a

The World Cup coach enjoys spending time in Uusikaupunki, where his two sons were also born and raised. "I still have a house in Uusikaupunki and a summer cottage in the idyllic Pyhämaa", he says. Below are Gordie's favourite spots in Uusikaupunki, in addition to his home and summer cottage.

1. Padel Uusikaupunki. Padel is a great, fast-paced sport that really gets you addicted. Padel Uusikaupunki provides a great setting for playing right in the town centre, by the sea. All the services of the summer town are nearby.

2. Restaurant Bistro Bay. Delicious food, friendly staff and a great atmosphere! The location in the old storehouse along the beautiful bayside boulevard is also fantastic. "Although there are plenty of other excellent choices for restaurants, too", Gordie adds.

3. Uusikaupunki golf course. "I used to play golf here myself and I was a member of the local golf club. The course is in beautiful surroundings and offers the right amount of challenge for players of all levels", Gordie says.

"Uusikaupunki has a unique combination of sea and nature. For a small town there are a lot of opportunities for sports and recreation. When I'm away from Uusikaupunki, I miss especially the closeness of the sea and the nature and the slow life that the town offers", Gordie says.

EXPERIENCE THE GOLDEN AGE OF SEAFARING AND THE LUXURY OF A MERCHANT'S HOUSE

Wahlberg's house

Wahlberg's house is part of the Uusikaupunki Museum. The museum showcases the golden age of the town's seafaring history and the life of a middle-class family.

Wahlberg's house was built more than 150 years ago by the founder of a local tobacco factory, Fredrik Wahlberg. The house still has its original decorative tile stoves, skilfully made frescoes, and hand-painted wallpapers in the parlour. The big hall also has a chandelier brought from Italy. In the downstairs rooms, you can almost smell the smoke from pipe tobacco and hear the rustle of the ladies' silk dresses. The downstairs exhibition space hosts a series of temporary exhibitions.

Upstairs, the museum houses a collection celebrating the maritime tradition of the town.

Seaman's chests, souvenirs, paintings, and navigational instruments all have their stories to tell of the golden age of seafaring and shipbuilding. The upstairs exhibition also showcases the more recent history of shipbuilding, shipyards, and the local automobile industry.

The museum features changing exhibitions a couple of times a year. In November-December, the theme of the downstairs exhibition is Christmas.

Children are also welcome at Wahlberg's house. They can play detectives in the museum and do different tasks related to the exhibition. The outbuilding contains a cobbler's workshop as well as a play area for children. The Wahlberg's house museum shop has some of the best souvenirs and gifts in town.

EXPERIENCE THE MARITIME HISTORY OF UUSIKAUPUNKI IN THE SUMMER MUSEUMS

The Sailor's Home Museum and the Naval Pilot Museum

To balance off the luxury of the tobacco merchant's house, visit the Sailor's Home Museum on the western edge of Myllymäki, where you can imagine what the life of an ordinary sailor's family was like in the early 20th century Uusikaupunki. The museum building is one of the oldest remaining residential buildings in town, and it was probably built in the late 18th century.

The Uusikaupunki pilot station used to be located on the Vallimäki hillside, where you can enjoy a great view of the sea. Pilots were tasked with making sure ships were able to reach and leave the harbour safely. The pilot station, which was built in 1857, is now a museum where you can learn more about this dangerous

profession that was often passed down from father to son.

There is no place as wondrous as the Bonk Museum, where you can get to know the history of the Bonk Business Inc. industrial empire. Step into the wild and fantastic world of Bonk.

Bonk is a fun fantasy product based on an idea by artist Alvar Gullichsen. The museum houses a collection of carefully restored Bonk devices and products from mid-1800s to the 1950s. Oy Bonk AB is a fictional family company with a whole history woven around them and all kinds of inventions attributed to them. The Bonk family is known for example for creating "a stimulating anchovy-based relish" and discovering the "dynamo effect caused by the movement of giant anchovies". The museum houses things such as defuncted machinery, cosmic therapy solutions,

disinformation systems, and localised black holes.

The outbuilding houses a children's workshop, Innovatorium, where the more age-challenged members of the family can design and build their own Bonk machines.

TOGETHER! Crusell Music Festival 22-28 July

The theme for the 2024 Crusell Music Festival is, in a word, Together!

With this theme, the festival reaches out to many directions in search of togetherness: different groups of people, new and old collaborators, magnificent historical concert venues, and the future. For the Crusell Music Festival, togetherness means encounters between different peoples and different musical styles, a connection between the past and the future. Old and new music, classical, folk and children's music are played side by side. The festival is even making use of artificial intelligence!

The 2024 festival will once more host an interesting range of artists. Accordionist **Maria Kalaniemi** leads the folk music themed opening concert, soprano **Mari Palo** performs beloved favourites from operatic arias, world-renowned violinist **Ilya Gringolts** shows his skill with baroque music, and our international woodwind guests perform in various chamber music concerts.

The main event of the week is "The Lost Treasure of Crusell" concert on Friday 26 July, where **B.H. Crusell's** lost and recon-

structed horn concerto is performed for the first time in Finland. The Finnish Baroque Orchestra **Fibo** performs the concert using beautiful period instruments from the early 19th century. Solo French horn is played by **Tommi Hyytinen**, who is an expert of old instruments.

The festival will also include the traditional masterclasses for young woodwind players, who flock to town to learn from international masters. You can hear the talented students perform in the students' concert and during the daily Fanfare of the Day. They will also be performing on the streets and in local gardens for the delight of visitors and townsfolk alike. The artistic director of the festival is **Olli Leppäniemi**.

We warmly welcome you to be a part of the Crusell Music Festival 2024 – together!

CRUSELL MUSIC FESTIVAL 2024

The program and tickets are available from March 2024.

Tickets to the festival are available at www.lippu.fi offices across the country, and from 1 May at the Uusikaupunki Tourist Information Office, Rauhankatu 10.

The festival program is available at www.crusell.fi

The Crusell Music Festival is named after Bernhard Henrik Crusell, the internationally acclaimed clarinettist and composer who was born in Uusikaupunki year 1775. The unique festival specialises in woodwind music. The concerts range from classical music to jazz, folk music and children's music with top artists from both Finland and abroad.

The festival also organises masterclasses to woodwind students who flock to the charming town for the week.

THE MOST POPULAR ATTRACTION OF THE SUMMER IN UUSIKAUPUNKI

Art House Pilvilinna

Coffee terrace, 100 different rose species, card shop, 100 sculptures, sales exhibitions, theme days!

Pilvilinna is a colourful and amusingly unique art house by the sea. The walls, floors, and ceilings of Pilvilinna have been painted full of pictures, both inside and outside. Artist Raija Nokkala's colourful paintings and humoristic sculptures in the main building, art trail, and outbuildings will bring joy and good spirits to anyone seeing them.

Her husband has erected a rosary with hundreds of roses in the garden. The scent of roses fills the garden's pathways, and the different varieties blooming at different times during the summer will ensure splendour for the whole season.

The lace cottage and the annually changing exhibitions, a quaint art trail in the forest, a coffee terrace by the sea, delicious snacks, and a unique little card shop with the artist's own products make Pilvilinna a uniquely unforgettable art experience.

Art House Pilvilinna is located about 3 km from the centre of Uusikaupunki towards Hiulepäinen, right next to a public beach. It is an excellent place for the whole family to visit. By the sea you can find the very own

furnished two-room flat of Pablo the bunny!

MYLLYMUORI'S 10TH ANNIVERSARY ADVENTURE

Myllytonttu has a tough nut to crack

Myllytonttu's box of puzzles is full of tricky questions. He went to buy some herring and started wondering when the locals first began to eat herring. What else did people used to eat? What did they need salt for and where did they get it? Was there a bakery in town? Were there any special holiday treats? We will also meet some of Myllytonttu's animal friends who introduce their own favourite foods. Kurre the squirrel has studied the composition of different kinds of nuts and knows everything there is to know about nuts. Can we find answers to all the questions in Myllytonttu's box or will our furry friends' tails be left in a twist?

While relaxing inside his mill, Myllytonttu has been pondering what life was like in the olden days. What kinds of things did the ships bring to Uusikaupunki and take from here?

The fun new adventure trip is filled with activities, stories, music and play. On the trip, the children will walk around the attractions of the Uusikaupunki town centre in the

merry company of Myllytonttu and Myllymuori.

The adventures are organised in co-operation with Uudenkaupungin Suomalaisen Seuran Säätiö and the Uusikaupunki Tourist Information Office. It is recommended that under school-aged children are accompanied by an adult, and strollers are recommended for small children. The trips are also well suited for kindergarten and school groups.

Come and fall in love with Pyhämaa!

Find a home in Pyhämaa!

How would you feel raising your family in an environment where:

- the children can learn in the safe and inspiring surroundings of a 130-year-old timber-framed village school, next to which is a beautiful forest, and even the sea and the beach are only 500 metres away, not to mention having a disc golf track right at your doorstep?
- you are surrounded by clean nature?
- the people around you are friendly and community-oriented?
- you can admire the majestic white-tailed eagle every day?
- passersby greet you with a smile?
- the villagers are always ready to lend a hand if you need help or advise?
- the sea breeze so often blows the clouds away, bringing out the sunshine?
- local food (fish, fruit, vegetables, and game) is a self-evident part of everyday life?
- there are two village shops and, as the locals say, if they don't sell something, you won't need it?
- there is an excellent restaurant, Pyhämaan Pirtti? – naturally specialised in seafood!
- you would be able to meet forest animals every day?
- you could go out boating, fishing, hunting, kayaking, and picking berries and mushrooms?
- the nature would be right at your doorstep?
- there are ten associations providing all kinds of recreational opportunities?

• you would be surrounded by a rich history all the way to the Middle Ages and an idyllic village full of old stories?

and where:

• others would come for a holiday if you already lived there?

and which

• would be far enough from the bustle of cities but still near enough to stop by or go out on business (Pyhämaa–Turku 90 km, Pyhämaa–Helsinki 250 km, Pyhämaa–Tampere 180 km)?

Think about it!

Why not drop out of the rat race yourself and choose a relaxing and natural way of living? Here we have helpful neighbours and plenty of communal spirit.

In the application, you are guided by a 19th century maid called Rauha who will join you at the story points marked on the map. She has somehow got stuck in time and can tell you about the history of our seafaring town from a period of about 150 years. TOWN CENTRE AND WOODEN HOUSE DISTRICT

According to the Finnish Heritage Agency, Uusikaupunki is one of the best-preserved Empire style wooden towns in Finland. An extensive wooden house district built in a grid layout in the centre of Uusikaupunki and dating from the late 19th century has been well preserved. The town has been damaged by several extensive fires, the latest of which were in 1846 and 1855. Most of the current town centre was built after this. The modern town plan was designed by architect Georg Theodor Chiewitz in 1855.

The town centre has more than 40 blocks containing around 600 old wooden houses. Uudenkaupungin Vanhat Talot ry organises every second year the Old Houses of Uusikaupunki event (next time September 7-8, 2024) that allows visitors access to some of the houses and gardens.

KAUPUNGINLAHTI BAYSIDE AND STORY BOARDS

The sea reaches the city centre in the form of Kaupunginlahti Bay. Its shores are popular among locals and tourists alike in the summer. The maritime phrases and names of ships on the seafront promenade are related to the maritime history of the city. The names of the piers represent the routes of former merchant ships: Stockholm, Copenhagen, and London. Story walls presents these three cities.

Around the vicinity of the Kaupunginlahti Bay you can also find 10 information boards with photos and delightful stories of life in the old days.

MYLLYMÄKI WINDMILL PARK

The hill is home to four historic windmills, many flowerbeds, steps, millstones and a children's playground. The northern side has an arboretum where different tree species are marked with signs. There is also an old water tower on the hill that functions as an observation tower, but unfortunately there is no longer a possibility to get up to the tower. The tower is 50 m from sea level.

OLD MÄNNÄINEN IRONWORKS

Männäistenkoskentie, Kalanti. At the old Männäinen ironworks, you can experience the history of iron refining in the 18th and 19th centuries. The Männäinen ironworks area has some well-preserved production buildings, such as the unusually large coal house and the grey stone chalk house. The ironworks today looks very similar to when its operation ended in early 19th century. The area and the buildings are privately owned, but you can view some of them from the outside.

GRAVEYARDS

By the Old Church there are soldiers' graves and some ancient graves. The city's actual graveyard is at the junction of Autotehtaankatu and Kalannintie. There are graves in the graveyard dating from 1849. There is an old graveyard by Lokalahti Church and a new one by Palomäentie. The Pyhämaa graveyard is located by the Pyhämaa Church, and Kalanti Church is also surrounded by a local graveyard.

PYHÄMAA CULTURE STAIRS

Telakanranta in Pyhämaa, Pyhämaanranta 37. The stairs lead from Telakanranta to the old mill. They are 38 metres in length and contain 62 steps. The stairs were built by volunteers with funding from the Ravakka association. The culture stairs are part of the culture trail in the Pyhämaa centre. Pyhämaan Kotiseutuyhdistys association has collaborated with the Uusikaupunki Museum to create a mobile version of the new culture trail. On the upper landing of the stairs, you can see an old photo to compare how the landscape has changed over the decades. The stairs can also be used for running.

RADANSUU WATERMILL

The old Radansuu watermill is located at the border between Pyhäraanta and Uusikaupunki, at Radansuuntie 178. The watermill was built in early 19th century and is still fully operational. Reportedly there has been a mill in the same location already in the 16th century. The watermill was originally operated by a paddle wheel, but it was later changed into a turbine-powered mill. The watermill is currently in private ownership.

UUSIKAUPUNKI THEATRE PRESENTS

Luulosairas

(The Imaginary Invalid, in Finnish)

The Imaginary Invalid may be one of the most often performed comedies in the world, and for a good reason. The last play of Molière, the master of comedy, is full of hilarity. The world has changed and medicine has developed, but we still have hypochondriacs.

Adaptation and direction based on Rosa Liksom's novel by Raija and Pentti Nokkala

Reidar S.

(in Finnish)

A fun and exuberant tale of Reidar Särestöniemi, the renowned painter from Lapland who was considered an oddity and a money-loving communist.

Rosa Liksom's Reitari is the most hilarious biography ever written. It tells the story of a poor peasant boy who becomes the painter of strong paintings and wanders around the world celebrating life.

The performance is true to the author's rich and humoristic narrative. Ten actors portray sixty different roles shedding light to the world that inspired Reidar's paintings.

The paintings depict the nature and spirits of Lapland. Reidar was envied by his brother, understood by his mother and shunned by the

art community. The Finnish national gallery only purchased one of his paintings even though he is one of the best-known Finnish artists of the late 20th century.

Only now are these paintings being valued and sought after around the world for anniversary exhibitions, providing the recognition and acceptance that Reidar so much wanted to find during his lifetime.

Be charmed by the sea – be inspired by nature

In Uusikaupunki, we have the sea right by us. The seaside atmosphere is apparent on the cozy bayside boulevard right at the heart of the town.

Uusikaupunki is surrounded by a beautiful archipelago full of stunning natural scenery, idyllic islands, and the clear waters of the Bothnian Sea National Park. If you are arriving by boat, you can enjoy the services of the Pakkahuone guest harbour, which has been nominated the best in Finland. There is also a guest harbour at the idyllic Telakanranta in Pyhämaa as well as several piers and berths for visitors around the archipelago, such as the Yacht Club pavilion on Pietarinkari and the Uudenkaupungin Työväen Moottorivene-seura boat club's visitors' berth at Haanperänkari.

You can easily experience the wonders of the archipelago even without a boat of your own. On the M/S Kerttu you can sail to the Isokari lighthouse island or join a seal safari that will take you far out to sea. On the M/S Kerttu you can also join guided bird-watching trips and experience the atmosphere on Saturday evening cruises. On Kerttu's guided sightseeing cruises, you can hear stories about the seaside town.

There are 11 public beaches in Uusikaupunki. Some of them are seaside beaches and some are lakeside beaches. Uusikaupunki is also a popular spot for fishing enthusiasts. The Fishing Center and Holiday Village Merikoivula provide excellent facilities for fishing. If needed, fishing guide services are also available.

The Velhovesi ring route is a route of bridges across the islands that lets you enjoy the beautiful archipelago without having to bother about boats or ferry timetables. You can cycle around the route and stop to enjoy the beautiful archipelago whenever you feel like it. You can also drive around the 50-kilometre route by car, admiring the sea views as you go. Another great location for enjoying the sea and nature is the Pamprinniemi nature trail in Pyhämaa. Hiunjärvi is a lake near the town centre that is a popular spot for birdwatching. There is also a nature trail around the lake.

Restaurant Odine will once again open its doors for the summer on Haidus island for sailors to enjoy. The restaurant was named after the gaff-rigged schooner Odine whose wreck is visible near the Vähä-Haidus island.

A LIGHTHOUSE ISLAND IN A MARINE NATIONAL PARK

Isokari

The Isokari lighthouse island is the most beautiful attraction of the southern part of the Bothnian Sea

Isokari offers visitors a range of services in the peaceful archipelago. The tallest lighthouse in the Gulf of Bothnia is surrounded by exquisitely beautiful nature. The Isokari island is part of the Bothnian Sea National Park.

The lighthouse itself is from the era of the Russian Empire, from 1833. You can visit the still operational lighthouse on one of the guided tours, which are held daily during the summer.

The 186-hectare island has plenty of other interesting sights in addition to the lighthouse. You can take a stroll along a nature trail, spot rare plants and birds, pet the sheep, and marvel at the beauty of the endless horizon. The morning activities of the island's native black guillemots are a wonderful sight – you can enjoy watching them by spending the night at Isokari!

The island has great services for travellers, including a hotel, restaurant, and guest harbour. Cruises to the island are organised from early spring to late autumn, and many people also like to visit the island by their own boat. Isokari offers a beautiful setting for meetings and business functions, and the island is a perfect place to

organise your birthday or perhaps an engagement party.

The summer hotel is located right by the beautiful lighthouse. The small hotel only has six flats, so make your booking already in the spring! During high summer, you can travel to the island from Uusikaupunki and in midsummer also from Kustavi.

Isokari is located in the open sea, approximately 22 kilometers from Uusikaupunki.

HIKING, CYCLING OR DRIVING BY CAR IN THE ARCHIPELAGO

Velhovesi ring route

Experience some of the most beautiful archipelago without having to bother about boats or ferry timetables. Barrel through the whole 50 km in one go or take your time enjoying the beautiful archipelago.

The Velhovesi ring route takes you through the northern parts of the Uusikaupunki archipelago, around the freshwater basin. The route is about 50 km long. There are side roads leading to the Lepäistentie and Lyökintie turnarounds, to the Pyhämaa village centre, the tip of the Pitkäluoto spit, and the Männäinen ironworks. The main route is signposted clockwise. The main route is marked with orange circles and the side roads with green circles. The directions are marked with arrows.

You can travel along the route, for example, with an e-bike that you can rent from the Tourist

Information Office or from Santtioranta Camping. Along the route are villages where you can stay overnight, beaches where you can stop for a swim, scenic points where you can take a breather, and village shops where you can browse. There are also cafés and restaurants along the route. All scenic points, rest stops, beaches, attractions, and services are marked on the map brochure and the website.

You can also rent canoes from the camping site. At Telakanranta in Pyhämaa, there are 8 different kinds of kayaks available for rent. You can choose different routes from the sheltered freshwater basin to the stunning Sea of Bothnia. The kayak routes have easy passage between sea routes and inland waters.

Learn about centuries old stories along the Velhovesi ring route.

Story points are marked in the brochure and the website as well as on signposts along the route. The signposts for the main route are orange and those for the side roads are green. The plaques contain QR codes that you can scan with your mobile phone. By scanning the QR code, you can read the story directly from your phone. You can therefore read the stories either from the brochure or from your phone.

Ring route brochures are available at the Tourist Information Office.

HIUNJÄRVI NATURE TRAIL

Hiunjärvi is a lake located just north of the Uusikaupunki town centre. Despite its proximity to the centre, the area has remained relatively sparsely populated. The lake is around 12 hectares, and around a third of its surface area is covered by thick vegetation. Hiunjärvi is a popular spot for birdwatching. There is also a nature trail around the lake. Along the trail you can find a lean-to and a bird watching tower. You can access the trail near the pedestrian underpass by the Saarnisto school or at the end of Juolukkatie or Otavakuja. The distance from the underpass to the lean-to is about 1 km. The longest route around the trail from the underpass is 3.8 km, and a shorter one is 3.2 km. The distance from the Juolukkatie entrance to the lean-to is 0.7 km. The longest route around the trail from Juolukkatie is 3.6 km, and a shorter one is 1.4 km. From Otavakuja, the shortest route to the lean-to is 1.4 km. The trail is marked using orange diamond symbols as well as by maps located at the starting points and at crossroads.

KASARMINLAHTI ACCESSIBLE NATURE TRAIL AND BIRDWATCHING POINT

Kasarminlahdentie 8, Uusikaupunki (entrance to accessible trail), with larger parking area. Accessible birdwatching point and nature trail offer the opportunity to enjoy the forest and get near the water safely. The Kasarminlahti area has a lot of different bird species, and many migratory birds also stop there. Kasarminlahti is located less than two kilometres from the market square. The accessible nature trail and birdwatching platform provide an excellent view over the Kasarminlahti bay and meadow. Services on the accessible section: birdwatching platform, nature trail, accessible composting outhouse, and benches. In addition to the accessible trail to the birdwatching platform, there is a more demanding trail (not accessible) to the Kasarminlahti lean-to and the Vionpuhti campfire spot. The trail is hilly and part of it is on rocky terrain.

PAMPRINNIEMI TRAIL IN PYHÄMAA

Hautie 259, Pyhämaa. The Pamprinniemi nature trail is located in Ketteli in Pyhämaa on church-owned land. The trail is about 4 kilometres long. The area is a significant nature and bird conservation area, as it has been maintained in its natural state. It is part of the European Natura 2000 network. Along the trail, you can experience many kinds of natural surroundings from the seaside to old spruce forests and patches of fern. You can also spot some very big and old pine trees in the area. Along the trail, you can find a wide range of different bird species. The church has also erected some Bible-themed story boards around the trail. There is a large wooden cross at the tip of the peninsula where the church usually holds an opening ceremony for the trail in early June. The road leading to the trail, Hautie, is a private road. The

trail is open year-round, weather conditions permitting.

LEAN-TOS

The City of Uusikaupunki has built three lean-tos in different parts of the town. They can be found in Hiu, Kasarminlahti, and Oinassaari. Vakka-Suomen Latu outdoor association has also built a campfire spot in Vionpuhti, near Kasarminlahti.

FRESHWATER BASIN

The freshwater basin is a lake of 37 km² from which the inhabitants of Uusikaupunki and other nearby towns get their drinking water. The basin was dammed up in the mid-1960s. The embankment separates the sea from the lake. The lake is located to the southwest of the city centre. The Velhovesi ring route circles the freshwater basin.

Many possibilities for sports and recreation

Uusikaupunki offers many possibilities for sports and recreation for lone travellers, couples, families, and even larger groups.

There is something for everyone, whether you are looking for sports, adventure, or relaxation – no matter your age or condition. Most sports and recreation venues are located close to the town centre. There are also plenty of services available in the active village centres.

You will find a public swimming pool, an ice rink, an athletics field, gyms, and fitness centres. There is a wide range of activities on offer, including horse riding, bowling, kayaking, fishing, scuba diving, and swimming. The local 18-hole golf course has one of the longest seasons in Finland. The Vahterusringi ski tunnel always has perfect conditions for skiing, running, cycling, and roller-skating. The ski tunnel is also home to a golf simulator. The City of Uusikaupunki maintains ski tracks on local jogging paths during the winter, weather conditions permitting.

If you are interested in frisbee golf, you will find several courses in the area. Last summer, a new 18-lane course was constructed in Sorvako, near the town centre, and there are also frisbee golf courses in Kalanti, Lokalahti, and Pyhämaa. In Kalanti, you can find

a 21-lane, competition level frisbee golf course. There is also a practice area and a 200-metre driving range.

The new competition-level padel courts by the Kaupunginlahti bay provide an excellent opportunity to try out this popular game. There are beginner's courses available for new players and playing equipment for hire.

At the head of the Kaupunginlahti bay, there is a skate park, where the whole family can enjoy a day of skateboarding, scooting, or biking, surrounded by great views. Next to the skate park are the popular Lions park playground and an activity park for senior citizens.

For the outdoorsy, there are various nature trails and jogging paths, mountain biking trails, lean-tos, and barbecue shelters. Along the Sorvako jogging path, you can enjoy the sea view and use the popular workout stairs. The new 62-step 'culture stairs' at Telakanranta in Pyhämaa are also an excellent spot for a workout.

After a day of sports, why not relax in a sauna. There are several rental saunas in and near Uusikaupunki. There are also some public saunas available.

GOLF WITH A GOOD MOOD AND DELICIOUS FOOD

Uusikaupunki Golf Club and restaurant Golf

The Uusikaupunki golf course offers just the right amount of challenge for players of all levels. At Restaurant Golf, you can stop by for a delicious buffet lunch.

The Uusikaupunki golf course is centrally located, only a kilometre away from the guest harbour and other services of the town centre. The 18-hole course is known for its versatility. You will find fairways in park as well as forest areas, and the terrain is varying. There are also several ponds and an inlet to create more excitement.

At the heart of the golf club is Fresco's delicious food and friendly service. Stop by the restaurant for lunch from Monday to Friday,

between 10:30 AM and 2:00 PM, or enjoy a drink on the terrace. The venue is also available for various family or corporate events.

Thanks to the vicinity of the sea, the golf course boasts one of the longest playing seasons in Finland. We welcome everyone interested in golf, whether beginners or professionals, and you are also welcome to drop by just for lunch.

The skate park is in a beautiful setting at the head of the Kaupunginlahti bay, near the sea and the town centre.

The skate park is 300 square metres, and the pumptrack is around 1,000 square metres. The pumptrack has an asphalt surface with various curves and elevations shaped according to the terrain. There are also some mounds that can be used for jumps. Part of

the track is shaded by some cosy trees. Part of the skate park has an asphalt surface, which is good for beginners, but there is also a concrete part that is a suitable practice space for the more serious athletes.
