ENJOY A RELAXING BREAK IN A NEW TOWN

# Choose Uusikaupunki

**The beautiful seaside town of Uusikaupunki has a southern European feel to it. Experience centuries of history and the wonders of the archipelago in a safe setting.**

## ENJOY THE SMALL-TOWN ATMOSPHERE

The beautiful Kaupunginlahti bayside with its piers, lighting and restaurants calls visitors to the seaside. Get to know the history of the town in the outdoors museum with stories of the town's seafaring days along the bayside.

Uusikaupunki is filled with unique shops and great restaurants and cafés serving local delicacies. Join a guided walking tour around the old wooden house district of the town centre. This year marks the 300th anniversary of the signing of the Treaty of Nystad. To commemorate this historic event, the City of Uusikaupunki offers townspeople and visitors alike peace-themed guided walking tours. You can also delve into the town's history by downloading the Uki AR mobile app and enjoying a trip down memory lane with a 19th century maid. For fans of the local Petäjämäki detective novels, there are also some "murder walks" available in Finnish, hosted by the author Rake Tähtinen himself.

The evening market events at the Pakkahuone guest harbour are a must see for any visitor, and the popular Tul Toril themed market events bring the market square to life on summer Saturdays. This August, the market events will commemorate the Treaty of Nystad with a peace theme. Myllymuori is running low on water, and on this year's children's adventure trips, the children will be helping her find a well. In late July, the Myllymäki hillside will come alive with a soundscape exhibition of dialect proverbs narrated by locals.

The Crusell Music Festival celebrates its 40th anniversary with an amazing range of concerts on

24–31 July. The festival will also host the Crusell International Clarinet Competition. The Old Houses of Uusikaupunki event opens the doors of beautiful homes and gardens to the public on 4–5 September.

## EXPERIENCE THE MANY SIGHTS OF UUSIKAUPUNKI

The joyfully colourful Art House Pilvilinna is celebrating its 10th anniversary this year. The courtyard of the beautifully painted house includes a cottage, an art trail, and a rose garden.

Wahlberg's museum house provides a glimpse into the life of a merchant family during the golden age of the town's seafaring history. The museum's Place of Peace exhibition presents a local perspective on the events of the Treaty of Nystad which took place in Uusikaupunki in the early 18th century. The Naval Pilot museum exhibits items of maritime history and the life of naval pilots, and the Sailor's Home museum shows what everyday life was like for a sailor's family.

The Automobile Museum has three exhibition halls full of wonders for car fans of all ages. In addition to the cars and other types of vehicles, you can take a look at the "miniworld" exhibition put together by the Raunis-tulan nukkekotikerho dollhouse club. The title of the most peculiar museum in town goes to the Bonk Museum, which exhibits a range of out-of-this-world inventions and defuncted machines. In the children's Innovatorium workshop, younger visitors can design their own Bonk devices.

On the next page, you can find the TOP 3 lists of the best things about Uusikaupunki written by someone who has moved here as well as someone who has moved back to Uusikaupunki after living elsewhere for a while.

## WEEKEND VISITOR TURNED HAPPY PERMANENT RESIDENT

**Mikko Rantanen first got to know Uusikaupunki during weekend trips and liked it so much that he decided to move here.**

“I fell in love with the view of the sea and the lively atmosphere. Walking around the beautiful wooden house district and dining in the bayside restaurants were truly memorable experiences. Returning to my home in Turku always felt like I was leaving home instead.”

Mikko has worked in theatres all his life. He believes performance art to be a great tool for experiencing the world in new ways. Uusikaupunki offers many fruitful opportunities for cultural projects.

“Although I’m still finding my footing in this new home, other locals who work in cultural projects have shown refreshing positivity towards me. I’m slowly getting to know everyone, and I’m approaching the new opportunities with an open mind. I want to visit all the theatres and museums in the area, so there’s still a lot to see”, Mikko says.

- 1** Kirkkokadun Amanda ja Olga was always a welcoming place to stay during my visits here. The beautiful wooden house gave me a comfortable setting to work on my ideas for the theatre and to have the occasional nap.
- 2** I’ve had many a delicious meal on the terrace of Restaurant Captain’s Makasiini. The service is great and the food is excellent. I plan to take my friends there, too.
- 3** I went to the Kuvala cinema to see a film about the life of Tove Jansson. The intimate nature of the film was a perfect fit for the historic building of the cinema. It’s great to know such places still exist.

## SUCCESSFUL ICE HOCKEY PLAYER ENJOYS LIFE IN PYHÄMAA

Kari Takko, who is known for his prodigious career in ice hockey, currently lives in his summer cottage in Pyhämaa. He and his wife Kirsi bought the cottage already in 1989, and they have spent a lot of their holidays there. This year, the couple moved there permanently, thus returning to the town where Kari was born. The Takko family moved to Pori when Kari was still a child, but Uusikaupunki has always had a place in his heart. “Growing up, I spent nearly every summer and Christmas here with my grandparents, either at their cottage in Pirkholma or their home on Pohjoistullinkatu”, Kari explains.

During his career, Kari played in Sweden, USA, and Canada. Since 2000, he has worked as the Director of European Scouting for NHL team Dallas Stars as well as the player coordinator for his home team Porin Ässät. Kari says that he mostly enjoys spending time in Uusikaupunki and at his cottage. “I don’t think the locals realise what a truly wonderful place Uusikaupunki is”, he says. He thinks people should be prouder of where they come from.

- 1** The Kaupunginlahti bayside is a wonderful area. It’s beautiful and peaceful, and there’s some delicious food on offer, too. The renovated bayside boulevard fits in nicely with the old storehouses. I’m glad that such historic buildings have been maintained in Uusikaupunki.
- 2** A trip to the Isokari lighthouse island was a memorable experience for me. Even just the voyage to get there is a great experience, not to mention the guided tour of the island and getting to climb to the top of the third oldest lighthouse in Finland. Amazing views!
- 3** If you enjoy nature, I recommend visiting the Pamprinniemi seaside nature trail in Pyhämaa. I especially enjoy the sound of the wind and the waves splashing against the rocks at the tip of the peninsula.

## TREATY OF NYSTAD 300TH ANNIVERSARY

# Uusikaupunki celebrates the anniversary of peace

This year marks the 300th anniversary of the Treaty of Nystad. One of the most significant peace treaties in the history of Europe was signed at the Uusikaupunki marketplace on 30 August 1721.

The peace negotiations, which began in May 1721, were held between Sweden, under whose rule Finland was at the time, and Russia, who had caused devastation in the area during what was called the Greater Wrath. As the town had been devastated by the war, there was no suitable space for the negotiations. The main building of an estate in the nearby Lokalahti was moved to the Uusikaupunki marketplace to serve as the location for the peace conference.

When, at the end of lengthy negotiations, the peace treaty was finally signed at the end of August, it ended the 20-year-long Great Northern War and the Greater Wrath. The peace treaty led to significant changes in power in Northern Europe, and the Swedish Empire diminished considerably. The peace treaty signed in Uusikaupunki 300 years ago still has significance today.

Anniversary celebrations will take place throughout the year, but August is especially designated as the Month of Peace. During the last weekend of August, you can follow a re-enactment of the peace negotiations as the Caroleans visit the town.

EXPERIENCE THE GOLDEN AGE OF SEAFARING, THE LUXURY OF A MERCHANT'S HOUSE, AND THE EVENTS OF THE TREATY OF NYSTAD

## Wahlberg's house

In 19th century Uusikaupunki, ship-owners had the grandest houses in town. Sailing ships carried merchandise from all over the world and, in addition to the wealth, brought with them plenty of new ideas and fashions. At Wahlberg's house, which is part of the Uusikaupunki Museum, you can see both sides. The museum showcases the golden age of the town's seafaring history and the life of a middle-class family.

Wahlberg's house was built more than 150 years ago by the founder of a local tobacco factory, Fredrik Wahlberg. The house still has its original decorative tile stoves, skilfully made frescoes, and hand-painted wallpapers in the parlour. The big hall also has a chandelier brought from Italy. In the downstairs rooms, you can almost smell the smoke from pipe tobacco and hear the rustle of the ladies' silk dresses.

Upstairs, the museum houses a collection celebrating the maritime tradition of the town. Seaman's chests, souvenirs, paintings, and navigational instruments all have their stories to tell of the golden age of seafaring and shipbuilding. The upstairs exhibition also

showcases the more recent history of shipbuilding, shipyards, and the local automobile industry. You can even spot the shoes of the local basketball player, Gerald Lee Jr.

The downstairs exhibition space hosts a series of temporary exhibitions. This year's main exhibition showcases Uusikaupunki as a place of peace. August marks the 300th anniversary of the signing of the Treaty of Nystad, which ended the Great Northern War. The exhibition is on show from May to October, and it presents the events of the signing of the Treaty of Nystad as well as life in Uusikaupunki in early 18th century.

At the end of November, Wahlberg's museum house gets ready for Christmas with its traditional decorations.

Children are also taken into account at Wahlberg's house. They can play detectives in the museum and do different tasks related to the exhibition. The outbuilding contains a cobbler's workshop as well as a play area for children. The Wahlberg's house museum shop has some of the best souvenirs and gifts in town.

## EXPERIENCE THE MARITIME HISTORY OF UUSIKAUPUNKI IN THE SUMMER MUSEUMS

# The Sailor's Home Museum and the Naval Pilot Museum

To balance off the luxury of the tobacco merchant's house, visit the Sailor's Home museum on the western edge of Myllymäki, where you can imagine what the life of an ordinary sailor's family was like in the early 20th century Uusikaupunki. The museum building is one of the oldest remaining residential buildings in town, and it was probably built in the late 18th century.

The Uusikaupunki pilot station used to be located on the Vallimäki hillside, where you can enjoy a great view of the sea. Pilots were tasked with making sure ships were able to reach and leave the harbour safely. The pilot station, which was built in 1857, is now a museum where you can learn more about this dangerous profession that was often passed down from father to son.

THE MOST POPULAR ATTRACTION OF THE SUMMER IN UUSIKAUPUNKI

## Art House Pilvilinna 10 years

Delightful colours, amusing pictures, captivating stories, naivistic art – all this is Art House Pilvilinna.

Pilvilinna is a colourful and amusingly unique art house by the sea. The walls, floors and ceilings of Pilvilinna have been painted full of pictures, both inside and outside. Artist Raija Nokkala's colourful paintings and humoristic sculptures in the main building, art trail, and outbuildings will bring joy and good spirits to anyone seeing them.

Her husband has erected a rosary with hundreds of roses in the garden. The scent of roses fills

the garden's pathways, and the different varieties blooming at different times during the summer will ensure splendour for the whole season.

The lace cottage and the annually changing exhibitions, a quaint art trail in the forest, a coffee terrace by the sea, delicious snacks and a unique little card shop with the artist's own products make Pilvilinna a uniquely unforgettable art experience.

Art House Pilvilinna is located about 3 km from the centre of Uusikaupunki towards Hiu-Lepäinen, right next to a public beach. It is an excellent place for the whole family to visit. By the sea you can find the very own furnished two-room flat of Pablo the bunny!

## EXCITEMENT, FUN, AND GOOD SPIRITS

# Splosh! Myllymuori is looking for a well

What happens when Myllytonttu's well is all out of water? How can Myllytonttu cook food, swim in his barrel or enjoy his sauna?

Can answers be found in the rather complicated piece of underground plumbing, or is the problem elsewhere? Should we hire an excavator? Myllymuori tries to solve the problem and takes the children to search for a place for a new well. This requires at least a willow branch.

A fun trip around the sights of Uusikaupunki filled with stories, song, play, poems and surprises. The adventure also includes a brand-new dowsing song, accompanied by a bucket band. The route begins from

Raatihuone, travels via Ylinenkatu past Shoe shop Alina, the library and Rauhanpuisto park to the market square, where there is a playground.

The adventure trips are organised together with shoe shop Alina and the Uusikaupunki Tourist Information Office, and they have been designed for the whole family. It is recommended that under school-aged children are accompanied by an adult, and strollers are recommended for small children. The trips are also well suited for kindergarten and school groups.

FUN MINI-WORLDS AT THE UUSIKAUPUNKI AUTOMOBILE MUSEUM!

## The Automobile Museum is the most popular attraction in town

The Uusikaupunki Automobile Museum is the leading automobile museum in Finland. It is the most popular year-round attraction in Uusikaupunki.

The museum's three exhibition halls are home to an extensive collection of car classics and other items related to motoring and motor sports. The exhibition also has its share of motorcycles as well as two planes.

The museum's collection includes a wide range of different makes and models from the legendary Ford Model T to modern hydrogen cars. On pride of place is the first Finnish car, Korvensuu from 1913. There is also a separate exhibition for the locally important Saab brand and other Finnish cars. A special collection of concept cars showcases the futuristic

designs of Finnish car designers from the 1980s onwards. These are not available anywhere else!

The rapid development of the Finnish automobile industry began in Uusikaupunki in 1969. Today, the Mercedes-Benz cars manufactured in Uusikaupunki find their way to all corners of the world. The industry's path to success has been recorded as part of the museum's exhibition.

At the museum you can also find an experimental restoration workshop and a museum shop. The shop sells many locally made products. ## Bonk Museum and Children's Innovatorium

There is no place as wondrous as the Bonk Museum, where you can get to know the history of the Bonk Business Inc. industrial empire. Step into the wild and fantastic world of Bonk. The museum houses things such as defuncted machinery, cosmic therapy solutions, disinformation systems, and localised black holes.

The Bonk Museum is a fantastic journey into the world of imagination. The museum houses a collection of carefully restored Bonk devices and products from mid-1800s to the 1950s.

Bonk is a fun fantasy product based on an idea by artist Alvar Gullichsen. Oy Bonk AB is a fictional family company with a whole history woven around them and all kinds of inventions

attributed to them. The Bonk family is known for example for creating "a stimulating anchovy-based relish" and discovering the "dynamo effect caused by the movement of giant anchovies".

The outbuilding houses a children's workshop, Innovatorium, where the more age-challenged members of the family can design and build their own Bonk machines.

**LOCAL PROVERBS COME TO LIFE IN THE PARK**

## Myllymäki soundscape

This summer, the Myllymäki park will come alive with local proverbs through a soundscape piece, which can be heard from 16 to 31 July. The soundscape is based on a book of local proverbs published by Helmer Winter in 1934. The witty and funny dialect proverbs from the book are narrated by locals.

The proverbs in Finnish provide an interesting picture of the life of local inhabitants both historically and today.

The soundscape was designed and edited by director Mikko Rantanen who recently moved to Uusikaupunki from Turku.

**STADIN PANIMO BREWERY CONTINUES THE TRADITION OF THE LOCAL PRYKMESTAR PRODUCTS**

## Vakka-Suomen Panimo

The scent of malts has been wafting from the direction of the Vakka-Suomen Panimo brewery since 2008.

At the time, the brewery was located right at the heart of Uusikaupunki. As the business grew, the premises became too small, and in autumn 2014 the brewery moved to a new production space a few kilometres outside the town centre.

During the move, the brewery also purchased new, fully automated brewing equipment from the German manufacturer Kaspar-Schulz. The equipment's capacity is 2,000 litres, and during 2018, the company produced a total of 600,000 litres of products.

**The Prykmestar products are still produced in Uusikaupunki** Vakka-Suomen Panimo and its trademarks were bought by the Stadin Panimo brewery about a

year ago. They continue to make the products in the Vakka-Suomen Panimo premises on Välttitie in Uusikaupunki. The brewery also has a factory shop where you can buy the local Prykmestar beers as well as other award-winning products by Stadin Panimo.

The newest product to try is the celebratory beer made to commemorate the 300th anniversary of the Treaty of Nystad.

### Stadin Panimo Oy

Stadin Panimo, which originated from cellars in Kallio in Helsinki more than 20 years ago, is known for its experimental, malted and aroma-dominated specialty beers. The microbrewery has already experimented with dozens of different beer types and produced more than a thousand different products. During its two decades of operation, the brewery has used hundreds of different raw

ingredients from malts to hops and spices. Stadin Panimo is the most award-winning brewery in Finland.

THERE ARE PLENTY OF GOOD REASONS TO VISIT PYHÄMAA

## Come and fall in love with Pyhämaa!

The seaside village of Pyhämaa has a lot to offer; in addition to beautiful natural surroundings, which you can experience, for example, on the Liesluoto and Pamprinniemi nature trails, there are plenty of events and activities that bring together locals and visitors alike, including a frisbee golf track and outdoor gym, volleyball courts, and kayak rental. There is plenty to see and do during the summer. The most popular sight in the village is the Pyhämaa Old Church (“Uhririkirkko”), which is both a spiritual and an aesthetic experience. The museum storehouses in Telakanranta showcase the history of fishing and seafaring in the region.

Pyhämaa is also an excellent destination for a cycling trip, as the islands are now connected by bridges. Stop for a swim – in either the sea or in fresh water – and a barbecue on one of the three beaches, or just sit down and admire the views. Don’t forget to bring your camera!

The local school, which is over 120 years old, is the pride and joy of Pyhämaa, and local associations support the school in educating the children in a communal environment. The communality is what brings many families to Pyhämaa.

**Why not drop out of the rat race yourself and choose a relaxing and natural way of living? Here we have helpful neighbours and plenty of communal spirit.**

## UKIAR – AUGMENTED REALITY APPLICATION

# Learn about the town and its history with a virtual guide

Experience the history of Uusikaupunki in an entirely new way!

The augmented reality application UkiAR provides an interesting pastime that you can engage with whenever it suits you best – by yourself or with friends and family. The application includes 14 unique story points scattered around the Kaupunginlahti bayside and the town centre.

In the application, you are guided by a 19th century maid called Rauha who will join you at the story points marked on the map. She has somehow got stuck in time and can tell you about the history of our seafaring town from a period of about 150 years. She will also show you some old photographs from the collections of the Uusikaupunki Museum.

The content of the application has been created in cooperation with local businesses, tour guides, the Uusikaupunki Museum, and Uusikaupunki Culture and Tourism. It is part of a project managed by Ukipolis Oy and funded by Leader Ravakka and various local companies.

You can download the application from **Google Play** or **AppStore**.

## CLASSIC WOODEN BOATS AT THE PAKKAHUONE GUEST HARBOUR

## Puupaatei wooden boat event at Pakkahuone August 14

In August, when a grand collection of wooden boats assembles at the Pakkahuone guest harbour for already the seventh time, the bayside will be full of nostalgia, the smell of tar, and the gleam of lacquered wood.

Wooden boats represent Finnish craftsmanship at its best. They can survive the waves and stand the test of time, which is why they have kept their popularity.

In the free-of-charge Puupaatei Pakkahuoneel wooden boat event, boat enthusiasts will bring their beauties for the public to admire. The moorings will be filled with motorboats, sailboats, and rowboats alike, and all of them have their own stories to tell.

Visitors to the guest harbour can also stroll around market stalls and watch work demonstrations given by skilled craftsmen. At the same time, you can delve into the

## OTHER INTERESTING PLACES

### Town centre and wooden house district

According to the Finnish Heritage Agency, Uusikaupunki is one of the best-preserved Empire style wooden towns in Finland. An extensive wooden house district built in a grid layout in the centre of Uusikaupunki and dating from the late 19th century has been well preserved.

The town has been damaged by several extensive fires, the latest of which were in 1846 and 1855. Most of the current town centre was built after this. The modern town plan was designed by architect Georg Theodor Chiewitz in 1855. The town centre has more than 40 blocks containing around 600 old wooden houses. Uudenkaupungin Vanhat Talot ry organises the annual Old Houses of Uusikaupunki event (4–5 September 2021) that allows visitors access to some of the houses and gardens.

### Kaupunginlahti bayside and story boards

The sea reaches the city centre in the form of Kaupunginlahti Bay. Its shores are popular among locals and tourists alike in the summer. The maritime phrases and names of ships on the seafront promenade are related to the maritime history of the city. The names of the piers represent the routes of former merchant ships: Stockholm, Copenhagen and London. Story walls presents these three cities.

Around the vicinity of the Kaupunginlahti Bay you can also find 10 information boards with photos and de-lightful stories of life in the old days.

### Lakes in the seaside town

There are two lakes near the town centre: Käätyjärvi and Ruokolanjärvi. The Ruokolax fishing park for the whole family is located in Ruokolanjärvi. For more information, see Fishing in the section Sea and Nature.

### Myllymäki Windmill Park

The hill is home to four historic windmills, many flowerbeds, steps, millstones and a children's playground. The northern side has an arboretum where different tree species are marked with signs. There is also an old water tower on the hill that functions as an observation tower, but unfortunately there is no longer a possibility to get

up to the tower. The tower is 50 m from sea level.

### Myllymäen puiston äänimaisema

This summer, the Myllymäki park will come alive with local proverbs through a soundscape piece, which can be heard from 16 to 31 July. The soundscape is based on a book of local proverbs published by Helmer Winter in 1934. The witty and funny dialect proverbs from the book are narrated by locals.

The proverbs in Finnish provide an interesting picture of the life of local inhabitants both historically and today.

The soundscape was designed and edited by director Mikko Rantanen who recently moved to Uusikaupunki from Turku. Further information: [mikranen@gmail.com](mailto:mikranen@gmail.com). Tel. +358 44 336 1314 / Mikko Rantanen

The installation can be heard at Myllymäki from 16 to 31 July between 10 am and 8 pm.

### Old Männäinen ironworks

Männäistenkoskentie, Kalanti. At the old Männäinen ironworks, you can experience the history of iron refining in the 18th and 19th centuries. The Männäinen ironworks area has some well-preserved production buildings, such as the unusually large coal house and the grey stone chalk house. The ironworks today looks very similar to when its operation ended in early 19th century. The area and the buildings are privately owned, but you can view some of them from the outside.

### Graveyards

By the Old Church there are soldiers' graves and some ancient graves. The city's actual graveyard is at the junction of Autotehtaankatu and Kalannintie. How did the Russian occupation affect the town and its inhabitants? How did their lives change when the peace treaty was signed? ## Be charmed by the sea and the archipelago

**The Uusikaupunki town centre is very close to the beautiful nature of the archipelago.**

The combined shoreline of Uusikaupunki is more than the whole length of Finland, and there are more than 400 islands. The islands are surrounded by the clear waters of the Bothnian Sea National Park. If you are arriving by boat, you can enjoy the services of the Pakkahuone guest harbour, which is the tree-time winner of the best in Finland award. Pakkahuone is one of the town's most popular summer hangouts.

You can easily experience the wonders of the archipelago even without a boat of your own. Choose one of the many cruises on offer or board a taxi boat. You will be sure to enjoy every minute of it! During summer weekends, the galley Olga sails to the historic Katanpää fort island, and children can enjoy fun pirate cruises. On the M/S Kerttu you can sail to the Isokari lighthouse island or join a seal safari that will take you far out to sea. M/S Kerttu also offers guided sightseeing cruises that give you a unique way to experience the seaside town.

After boating, why not try some fishing or swimming. There are 11 public beaches in

Uusikaupunki. Some of them are seaside beaches and some are lakeside beaches. Uusikaupunki is also a popular spot for fishing contests. This May, the fishing club Kalavale is hosting its pike fishing contest for the 20th time. The Street Fishing contest takes place in Uusikaupunki for the second time this August, and the Jigi Cup Pike Fest championship leg is held in October.

The Velhovesi ring route is a route of bridges across the islands that lets you enjoy the beautiful archipelago without having to bother about boats or ferry timetables. You can cycle around the route and stop to enjoy the beautiful archipelago whenever you feel like it. You can also drive around the 50-kilometre route by car, admiring the sea views as you go. Another great location for enjoying the sea and nature is the Pamprinniemi nature trail in Pyhämaa. Hiunjärvi is a lake near the town centre that is a popular spot for birdwatching. There is also a nature trail around the lake.

On the Haidus island, you can find the summer restaurant Odine, and the nearby Pietarinkari island, which houses the local yacht club's pavilion, will also get a new restaurant called SuutarinLohi.

Isokari offers visitors a number of services in the peaceful archipelago. The tallest lighthouse in the Gulf of Bothnia is surrounded by exquisitely beautiful nature. The Isokari island is part of the Bothnian Sea National Park.

The lighthouse itself is from the era of the Russian Empire, from 1833. You can visit the still operational lighthouse on one of the guided tours, which are held daily during the summer..

The 180-hectare island has plenty of other interesting sights

The island has great services for travellers, including a hotel, restaurant, and guest harbour. Cruises to the island are organised from early spring to late autumn, and many people also like to visit the island by their own boat.

so make your booking already in the spring! During high summer you can travel to the island on M/S Kerttu, and during spring and autumn there are different kinds of themed packages available.

For snare fishing and lure fishing with more than one rod, you will need to pay the state fishing management fee as well as have permission from the owner of the water area.

For net fishing, you will also need to purchase a marker, price EUR 6/net/year.

For other fishing (long line, hook, trap), a personal fishing licence needs to be purchased, EUR 6/year. For reel fishing whitefish the price is EUR 6/rod/year.

Nets and other fixed snares must be marked in accordance with the Fishing Act. Fishing markers should always be equipped with the user's name and contact information as well as indication of fishing licence.

Fishing licences can be purchased from the Tourist Information Office and from the Service Point Passari Rauhankatu 10, where you will also find a map of the city's fishing waters.

People between 18 and 64 years of age are required to pay the fishing management fee. The fee does not apply to ice-fishing, worm fishing or fishing with a herring rig. People who have paid the fishing management fee can fish with one rod anywhere in the country in areas where a regional licence was previously required. Other

# Feel refreshed in Uusikaupunki

**Uusikaupunki offers many possibilities for sports and recreation for lone travellers, couples, families, and even larger groups.**

There is something for everyone, whether you are looking for sports, adventure, or relaxation. Most sports and recreation venues are located close to the town centre.

You will find a public swimming pool, an ice rink, an athletics field, gyms, and fitness centres. There is a wide range of activities on offer, including horse riding, bowling, kayaking, fishing, scuba diving, and swimming. The local 18-hole golf course has one of the longest seasons in Finland. The Vahterusring ski tunnel always has perfect conditions for skiing, running, cycling, and roller-skating. The newest addition to Vahterusring is the golf simulator.

If you want to try out disc golf, there is a course in the town centre as well as in Kalanti,

Lokalahti, and Pyhämaa. This summer, there will be a new, competition-level course with 21 holes opening in Kalanti. The course is a mixture of forest and park terrains, and the course also has a practice area and a 200-metre driving range.

Another new addition to the local services is the highly popular padel. You can find competition-level Padel courts in Crusell Park by the Kaupunginlahti bay. There are beginner's courses available for new players and playing equipment for hire.

The City of Uusikaupunki maintains ski tracks on local jogging paths during the winter, weather conditions permitting.

After a day of sports, why not relax in a sauna. There are several rental saunas in and near Uusikaupunki. They also provide an excellent opportunity for bachelor parties and other group events.

# Uusikaupunki Golf Club

The Uusikaupunki golf course offers just the right amount of challenge for players of all levels.

also several ponds and an inlet to create more excitement.

Check out the Pro Shop to find the best equipment for your game. After the round you can enjoy the quality menu of our restaurant or pop into the sauna to relax.

## CYCLING AND TREKKING IN THE ARCHIPELAGO

# Velhovesi ring route

Experience some of the most beautiful archipelago without having to bother about boats or ferry timetables.

Barrel through the whole 50 km in one go or take your time enjoying the beautiful archipelago.

The Velhovesi ring route takes you through the northern parts of the Uusikaupunki archipelago, around the freshwater basin. The route is about 50 km long. There are side roads leading to the Lepäistentie and Lyökintie turnarounds, to the Pyhämaa village centre, the tip of the Pitkäluoto spit and the Männäinen ironworks. The main route is signposted clockwise. The main route is marked with orange circles and the side roads with green circles. The directions

are marked with arrows.

You can travel along the route for example with an e-bike that you can rent from the Tourist Information Office or from Santtioranta Camping. Along the route are villages where you can stay overnight, beaches where you can stop for a swim, scenic points where you can take a breather and village shops where you can browse. There are also cafés and restaurants along the route. All scenic points, rest stops, beaches, attractions, and services are marked on the map brochure and the website.

You can also rent canoes from the camping site. At Telakanranta in Pyhämaa, there are 8 different kinds of kayaks available for rent. You can choose different routes

from the sheltered freshwater basin to the stunning Sea of Bothnia. The kayak routes have easy passage between sea routes and inland waters.

Learn about centuries old stories along the Velhovesi ring route. Story points are marked in the brochure and the website as well as on signposts along the route. The signposts for the main route are orange and those for the side roads are green. The plaques contain QR codes that you can scan with your mobile phone. By scanning the QR code, you can read the story directly from your phone. You can therefore read the stories either from the brochure or from your phone.

Ring route brochures are available at the Tourist Information Office.

**THE LARGEST TERRACE IN TOWN IN A HISTORIC SETTING**

## Restaurant Kirsta

Restaurant Kirsta is one of the oldest restaurants in Finland and it is open year-round. In addition to traditional Finnish dishes, our menu includes some southern European flavours.

The terrace of the historic building opens up to the bay. We also have a pier for boaters wishing to stop by. Our extensive menu has

something for everyone. Our terrace is open year-round, and during the summer you can enjoy our chef's best tastes straight from the barbeque.

Restaurant Kirsta brings locals together by the bayside. We are also available for private events of all sizes!

GREAT FOOD, DRINKS AND LIVE MUSIC

## Captain's Makasiini

Captain's Makasiini invites you to enjoy the seaside atmosphere and a sunny terrace by the Kaupunginlahti bay.

Our terrace seats 180 people and is partly heated, which allows visitors to enjoy their meals outdoors from early spring to late autumn. Indoors, there is seating on two floors. The upstairs cabinet is available for all kinds of private events.

Captain's Makasiini is a perfect combination of new and old in a historic setting.

We take pride in our restaurant's easy-going

atmosphere, delicious food and great customer service.

In July, there is live music from Wednesday to Sunday, at other times on weekends. The terrace bar is open whenever the restaurant is. The restaurant is open from the beginning of May to late autumn.

Our menu is based on fresh local ingredients, and we offer both artisan pizza and delicious seafood. "We always want to be the place where you can count on having a great experience. Our motto is to offer experiences for all senses", restaurateur Rainer Nyman says.
