ENJOY A RELAXING BREAK IN A NEW TOWN

Choose Uusikaupunki

The beautiful seaside town of Uusikaupunki has a southern European feel to it. Experience centuries of history and the wonders of the archipelago in a safe setting.

ENJOY THE SMALL-TOWN ATMOSPHERE

The beautiful Kaupunginlahti bayside with its piers, lighting and restaurants calls visitors to the seaside. Get to know the history of the town in the outdoors museum with stories of the town’s seafaring days along the bayside.

Uusikaupunki is filled with unique shops and great restaurants and cafés serving local delicacies. Join a guided walking tour around the old wooden house district of the town centre. This year marks the 300th anniversary of the signing of the Treaty of Nystad. To commemorate this historic event, the City of Uusikaupunki offers townspeople and visitors alike peace-themed guided walking tours. You can also delve into the town’s history by downloading the Uki AR mobile app and enjoying a trip down memory lane with a 19th century maid. For fans of the local Petäjämäki detective novels, there are also some “murder walks” available in Finnish, hosted by the author Rake Tähtinen himself.

The evening market events at the Pakkahuone guest harbour are a must see for any visitor, and the popular Tul Toril themed market events bring the market square to life on summer Saturdays. This August, the market events will commemorate the Treaty of Nystad with a peace theme. Myllymuori is running low on water, and on this year’s children’s adventure trips, the children will be helping her find a well. In late July, the Myllämäki hillside will come alive with a soundscape exhibition of dialect proverbs narrated by locals.

EXPERIENCE THE MANY SIGHTS OF UUSIKAUPUNKI

The Joyfully colourful Art House Pilvilinna is celebrating its 10th anniversary this year. The courtyard of the beautifully painted house includes a cottage, an art trail, and a rose garden.

Wahlberg’s museum house provides a glimpse into the life of a merchant family during the golden age of the town’s seafaring history. The museum’s Place of Peace exhibition presents a local perspective on the events of the Treaty of Nystad which took place in Uusikaupunki in the early 18th century. The Naval Pilot museum exhibits items of maritime history and the life of naval pilots, and the Sailor’s Home museum shows what everyday life was like for a sailor’s family.

The Automobile Museum has three exhibition halls full of wonders for car fans of all ages. In addition to the cars and other types of vehicles, you can take a look at the “miniworld” exhibition put together by the Raunistulan nukkekotikerho dollhouse club. The title of the most peculiar museum in town goes to the Bonk Museum, which exhibits a range of out-of-this-world inventions and defunctioned machines. In the children’s Innovatorium workshop, younger visitors can design their own Bonk devices.

On the next page, you can find the TOP 3 lists of the best things about Uusikaupunki written by someone who has moved here as well as someone who has moved back to Uusikaupunki after living elsewhere for a while.
Kari Takko, who is known for his prodigious career in ice hockey, currently lives in his summer cottage in Pyhämaa. He and his wife Kirsi bought the cottage already in 1989, and they have spent a lot of their holidays there. This year, the couple moved there permanently, thus returning to the town where Kari was born. The Takko family moved to Pori when Kari was still a child, but Uusikaupunki has always had a place in his heart. “Growing up, I spent nearly every summer and Christmas here with my grandparents, either at their cottage in Pirkholma or their home on Pohjoistullinkatu”, Kari explains.

During his career, Kari played in Sweden, USA, and Canada. Since 2000, he has worked as the Director of European Scouting for NHL team Dallas Stars as well as the player coordinator for his home team Porin Ässät. Kari says that he mostly enjoys spending time in Uusikaupunki and at his cottage. “I don’t think the locals real-ise what a truly wonderful place Uusikaupunki is”, he says. He thinks people should be prouder of where they come from.

The Kaupunginlahti bayside is a wonderful area. It’s beautiful and peaceful, and there’s some delicious food on offer, too. The renovated bayside boulevard fits in nicely with the old storehouses. I’m glad that such historic buildings have been maintained in Uusikaupunki.

A trip to the Isokari lighthouse island was a memorable experience for me. Even just the voyage to get there is a great experience, not to mention the guided tour of the island and getting to climb to the top of the third oldest lighthouse in Finland. Amazing views!

If you enjoy nature, I recommend visiting the Pamprinniemi seaside nature trail in Pyhämaa. I especially enjoy the sound of the wind and the waves splashing against the rocks at the tip of the peninsula.
This year marks the 300th anniversary of the Treaty of Nystad. One of the most significant peace treaties in the history of Europe was signed at the Uusikaupunki marketplace on 30 August 1721.

The peace negotiations, which began in May 1721, were held between Sweden, under whose rule Finland was at the time, and Russia, who had caused devastation in the area during what was called the Greater Wrath. As the town had been devastated by the war, there was no suitable space for the negotiations. The main building of an estate in the nearby Lokalahti was moved to the Uusikaupunki marketplace to serve as the location for the peace conference.

When, at the end of lengthy negotiations, the peace treaty was finally signed at the end of August, it ended the 20-year-long Great Northern War and the Greater Wrath. The peace treaty led to significant changes in power in Northern Europe, and the Swedish Empire diminished considerably. The peace treaty signed in Uusikaupunki 300 years ago still has significance today.

Anniversary celebrations will take place throughout the year, but August is especially designated as the Month of Peace. During the last weekend of August, you can follow a re-enactment of the peace negotiations as the Caroleans visit the town.

In 19th century Uusikaupunki, ship-owners had the grandest houses in town. Sailing ships carried merchandise from all over the world and, in addition to the wealth, brought with them plenty of new ideas and fashions. At Wahlberg's house, which is part of the Uusikaupunki Museum, you can see both sides. The museum showcases the golden age of the town’s seafaring history and the life of a middle-class family.

Wahlberg’s house was built more than 150 years ago by the founder of a local tobacco factory, Fredrik Wahlberg. The house still has its original decorative tile stoves, skilfully made frescoes, and hand-painted wallpapers in the parlour. The big hall also has a chandelier brought from Italy. In the downstairs rooms, you can almost smell the smoke from pipe tobacco and hear the rustle of the ladies’ silk dresses.

Upstairs, the museum houses a collection celebrating the maritime tradition of the town. Seaman’s chests, souvenirs, paintings, and navigational instruments all have their stories to tell of the golden age of seafaring and shipbuilding. The upstairs exhibition also showcases the more recent history of shipbuilding, shipyards, and the local automobile industry. You can even spot the shoes of the local basketball player, Gerald Lee Jr.

The downstairs exhibition space hosts a series of temporary exhibitions. This year’s main exhibition showcases Uusikaupunki as a place of peace. August marks the 300th anniversary of the signing of the Treaty of Nystad, which ended the Great Northern War. The exhibition is on show from May to October, and it presents the events of the signing of the Treaty of Nystad as well as life in Uusikaupunki in early 18th century.

At the end of November, Wahlberg’s museum house gets ready for Christmas with its traditional decorations. Children are also taken into account at Wahlberg’s house. They can play detectives in the museum and do different tasks related to the exhibition. The outbuilding contains a cobbler’s workshop as well as a play area for children. The Wahlberg’s house museum shop has some of the best souvenirs and gifts in town.
EXPERIENCE THE MARITIME HISTORY OF UUSIKAUPUNKI IN THE SUMMER MUSEUMS

The Sailor’s Home Museum and the Naval Pilot Museum

To balance off the luxury of the tobacco merchant’s house, visit the Sailor’s Home museum on the western edge of Myllymäki, where you can imagine what the life of an ordinary sailor’s family was like in the early 20th century Uusikaupunki. The museum building is one of the oldest remaining residential buildings in town, and it was probably built in the late 18th century.

The Uusikaupunki pilot station used to be located on the Vallimäki hillside, where you can enjoy a great view of the sea. Pilots were tasked with making sure ships were able to reach and leave the harbour safely. The pilot station, which was built in 1857, is now a museum where you can learn more about this dangerous profession that was often passed down from father to son.

In late July, Uusikaupunki will come alive, as the 40th anniversary of the Crusell Music Festival coincides with the 300th anniversary celebrations of the Treaty of Nystad.

The festival includes a wide range of excellent concerts as well as the Crusell International Clarinet Competition.

“This year we celebrate the 40th anniversary of the Crusell Music Festival! Over the years, the festival has seen many amazing concerts, international competitions, and great masterclasses. Our visitors, students, contestants, and artists alike have gained great memories and learned and experienced a lot. Including myself. The Crusell Music Festival holds a special place in my heart”, says Artistic Director Olli Leppäniemi.

During the festival week, there will be some thirty concerts in Uusikaupunki and the surrounding areas. The traditional opening event of the festival will be held at the Uusikaupunki market square at noon on Saturday with a performance by the multi-talented Marzi Nyman and accordionist Niko Kumpuvaara. The soloist of the celebratory mass will be mezzo-soprano Monica Groop. In the anniversary concert you will hear the Ostrobothnian Chamber Orchestra led by Malin Broman as well as countertenor Valer Sabadus as soloist.

Once again, the festival will showcase a great number of top international artists. They include, for example, violinists Elina Vähälä and Jaakko Kuusisto, clarinetist Ricardo Morales as well as pianists Paavali Jumppanen and Iiro Rantala together with actress Lotta Kuusisto. The music of Bernhard Henrik Crusell, after whom the festival is named, is showcased in many of the concerts, especially in the “Crusell’s travel journals” concert series.

This year’s children’s concert is by popular children’s orchestra Ammuu! If you are looking for a party, come and hear the Kaartin Combo party band (known for their performances at presidential parties) led by Jepa Lambert. This year’s Night of the Lanterns picnic concert brings us the music of beloved clarinetist Antti Sarpila.

Splosh! Myllymuori is looking for a well

What happens when Myllytonttu’s well is all out of water? How can Myllytonttu cook food, swim in his barrel or enjoy his sauna?

Can answers be found in the rather complicated piece of underground plumbing, or is the problem elsewhere? Should we hire an excavator? Myllymuori tries to solve the problem and takes the children to search for a place for a new well. This requires at least a willow branch.

A fun trip around the sights of Uusikaupunki filled with stories, song, play, poems and surprises. The adventure also includes a brand-new dowsing song, accompanied by a bucket band. The route begins from Raatihuone, travels via Ylitenkatu past Shoe shop Alina, the library and Rauhanpuiasto park to the market square, where there is a playground.

The adventure trips are organised together with shoe shop Alina and the Uusikaupunki Tourist Information Office, and they have been designed for the whole family. It is recommended that under school-aged children are accompanied by an adult, and strollers are recommended for small children. The trips are also well suited for kindergarten and school groups.

LOCAL PROVERBS COME TO LIFE IN THE PARK

Myllymäki soundscape

This summer, the Myllymäki park will come alive with local proverbs through a soundscape piece, which can be heard from 16 to 31 July. The soundscape is based on a book of local proverbs published by Helmer Winter in 1934. The witty and funny dialect proverbs from the book are narrated by locals.

The proverbs in Finnish provide an interesting picture of the life of local inhabitants both historically and today. The soundscape was designed and edited by director Mikko Rantanen who recently moved to Uusikaupunki from Turku.

Further information:
mikranen@gmail.com

The installation can be heard at Myllymäki from 16 to 31 July between 10 am and 8 pm.
The scent of malts has been wafting from the direction of the Vakka-Suomen Panimo brewery since 2008.

At the time, the brewery was located right at the heart of Uusikaupunki. As the business grew, the premises became too small, and in autumn 2014 the brewery moved to a new production space a few kilometres outside the town centre.

During the move, the brewery also purchased new, fully automated brewing equipment from the German manufacturer Kaspar-Schulz. The equipment’s capacity is 2,000 litres, and during 2018, the company produced a total of 600,000 litres of products.

The Prykmestar products are still produced in Uusikaupunki. Vakka-Suomen Panimo and its trademarks were bought by the Stadin Panimo brewery about a year ago. They continue to make the products in the Vakka-Suomen Panimo premises on Välttitie in Uusikaupunki. The brewery also has a factory shop where you can buy the local Prykmestar beers as well as other award-winning products by Stadin Panimo.

The newest product to try is the celebratory beer made to commemorate the 300th anniversary of the Treaty of Nystad. Stadin Panimo Oy

Stadin Panimo, which originated from cellars in Kallio in Helsinki more than 20 years ago, is known for its experimental, malted and aroma-dominated specialty beers. The microbrewery has already experimented with dozens of different beer types and produced more than a thousand different products. During its two decades of operation, the brewery has used hundreds of different raw ingredients from malts to hops and spices. Stadin Panimo is the most award-winning brewery in Finland.
THERE ARE PLENTY OF GOOD REASONS TO VISIT PYHÄMAA

Come and fall in love with Pyhämaa!

The seaside village of Pyhämaa has a lot to offer; in addition to beautiful natural surroundings, which you can experience, for example, on the Liesluoto and Pamprinniemi nature trails, there are plenty of events and activities that bring together locals and visitors alike, including a frisbee golf track and outdoor gym, volleyball courts, and kayak rental. There is plenty to see and do during the summer. The most popular sight in the village is the Pyhämaa Old Church (“Uhrikirkko”), which is both a spiritual and an aesthetic experience. The museum storehouses in Telakanranta showcase the history of fishing and seafaring in the region.

Pyhämaa is also an excellent destination for a cycling trip, as the islands are now connected by bridges. Stop for a swim – in either the sea or in fresh water – and a barbeque on one of the three beaches, or just sit down and admire the views. Don’t forget to bring your camera!

The local school, which is over 120 years old, is the pride and joy of Pyhämaa, and local associations support the school in educating the children in a communal environment. The communality is what brings many families to Pyhämaa.

Welcome to Pyhämaa – we welcome both new residents and travellers with a smile!

Why not drop out of the rat race yourself and choose a relaxing and natural way of living? Here we have helpful neighbours and plenty of communal spirit.

In August, when a grand collection of wooden boats assembles at the Pakkahuone guest harbour for already the seventh time, the bayside will be full of nostalgia, the smell of tar, and the gleam of lacquered wood. Wooden boats represent Finnish craftsmanship at its best. They can survive the waves and stand the test of time, which is why they have kept their popularity.

In the free-of-charge Puupaaatei Pakkahuoneel wooden boat event, boat enthusiasts will bring their beauties for the public to admire. The moorings will be filled with motorboats, sailboats, and rowboats alike, and all of them have their own stories to tell. Visitors to the guest harbour can also stroll around market stalls and watch work demonstrations given by skilled craftsmen. At the same time, you can delve into the fascinating world of wooden boats and talk about them with experts.

Experience the history of Uusikaupunki in an entirely new way!

The augmented reality application UkiAR provides an interesting pastime that you can engage with whenever it suits you best – by yourself or with friends and family. The application includes 14 unique story points scattered around the Kaupunginlahti bayside and the town centre.

In the application, you are guided by a 19th century maid called Rauha who will join you at the story points marked on the map. She has somehow got stuck in time and can tell you about the history of our seafaring town from a period of about 150 years. She will also show you some old photographs from the collections of the Uusikaupunki Museum.

The content of the application has been created in cooperation with local businesses, tour guides, the Uusikaupunki Museum, and Uusikaupunki Culture and Tourism. It is part of a project managed by Ukipolis Oy and funded by Leader Ravakka and various local companies.

You can download the application from Google Play or AppStore.

The Old Houses of Uusikaupunki
4–5 September 2021

The Old Houses of Uusikaupunki wooden house event will be organised for the fourth time this September.

Dozens of beautiful wooden houses and gardens will be open for visitors to come and admire them. Some will be new additions and other old favourites. Even if you visited one of them before, there will always be something new to see.

You can visit the sites at your own pace and choose your favourites. We recommend that you reserve time on both days to make sure you have time to see everything.

Whether you are interested in renovation, restoration, interior design, gardening, or just old houses in general, you will be sure to find something to inspire and inform you.

Some sites will also have garden cafés and flea markets, and it might pay off to have a quick peek at the neighbour’s yard, too! 

The event is organised by Uudenkaupungin Vanhat Talot ry

Information on the event is also available on Facebook (mostly in Finnish), Uudenkaupungin Vanhat Talot.

OTHER INTERESTING PLACES

Town centre and wooden house district
According to the Finnish Heritage Agency, Uusikaupunki is one of the best-preserved Empire style wooden towns in Finland. An extensive wooden house district built in a grid layout in the centre of Uusikaupunki and dating from the late 19th century has been well preserved.

The town has been damaged by several extensive fires, the latest of which were in 1846 and 1855. Most of the current town centre was built after this. The modern town plan was designed by architect Georg Theodor Chiewitz in 1855. The town centre has more than 40 blocks containing around 600 old wooden houses. Uudenkaupungin Vanhat Talot ry organises the annual Old Houses of Uusikaupunki event (4–5 September 2021) that allows visitors access to some of the houses and gardens.

Kaupunginlahti bayside and story boards
The sea reaches the city centre in the form of Kaupunginlahti Bay. Its shores are popular among locals and tourists alike in the summer. The maritime phrases and names of ships on the seafront promenade are related to the maritime history of the city. The names of the piers represent the routes of former merchant ships: Stockholm, Copenhagen and London. Story walls presents these three cities.

Around the vicinity of the Kaupunginlahti Bay you can also find 10 information boards with photos and de-lightful stories of life in the old days.

Lakes in the seaside town
There are two lakes near the town centre: Käätyjärvi and Ruokolanjärvi. The Ruokolax fishing park for the whole family is located in Ruokolanjärvi. For more information, see Fishing in the section Sea and Nature.

Myllymäki Windmill Park
The hill is home to four historic windmills, many flowerbeds, steps, millstones and a children’s playground. The northern side has an arboretum where different tree species are marked with signs. There is also an old water tower on the hill that functions as an observation tower, but unfortunately there is no longer a possibility to get up to the tower. The tower is 50 m from sea level.

Myllymäen puiston äänimaisema
This summer, the Myllymäki park will come alive with local proverbs through a soundscape piece, which can be heard from 16 to 31 July. The soundscape is based on a book of local proverbs published by Helmer Winter in 1934. The witty and funny dialect proverbs from the book are narrated by locals.

The proverbs in Finnish provide an interesting picture of the life of local inhabitants both historically and today.

The soundscape was designed and edited by director Mikko Rantanen who recently moved to Uusikaupunki from Turku. Further information: mikranen@gmail.com. Tel. +358 44 336 1314 / Mikko Rantanen

The installation can be heard at Myllymäki from 16 to 31 July between 10 am and 8 pm.

Old Männäinen ironworks
Männäistenkoskentie, Kalanti. At the old Männäinen ironworks, you can experience the history of iron refining in the 18th and 19th centuries. The Männäinen ironworks area has some well-preserved production buildings, such as the unusually large coal house and the grey stone chalk house. The ironworks today looks very similar to when its operation ended in early 19th century.
The area and the buildings are privately owned, but you can view some of them from the outside.

Graveyards
By the Old Church there are soldiers’ graves and some ancient graves. The city’s actual graveyard is at the junction of Autotehtaankatu and Kalannintie. There are graves in the graveyard dating from 1849. There is an old graveyard by Lokalahti Church and a new one by Palomäentie. The Pyhämaa graveyard is located by the Pyhämaa Church, and Kalanti Church is also surrounded by a local graveyard.

However, the Place of Peace exhibition does not merely focus on the Great Northern War or the peace negotiations but also tells about the life of the town’s inhabitants at the time. What was Uusikaupunki like in the early 18th century when the peace negotiations were held? Who lived here and what did the town look like? How did the Russian occupation affect the town and its inhabitants? How did their lives change when the peace treaty was signed? How was the town rebuilt after the period of occupation called the Greater Wrath?

At the end of November, Wahlberg’s museum house gets ready for Christmas with its traditional decorations.

The Uusikaupunki town centre is very close to the beautiful nature of the archipelago.

The combined shoreline of Uusikaupunki is more than the whole length of Finland, and there are more than 400 islands. The islands are surrounded by the clear waters of the Bothnian Sea National Park. If you are arriving by boat, you can enjoy the services of the Pakkahuone guest harbour, which is the tree-time winner of the best in Finland award. Pakkahuone is one of the town’s most popular summer hangouts.

You can easily experience the wonders of the archipelago even without a boat of your own. Choose one of the many cruises on offer or board a taxi boat. You will be sure to enjoy every minute of it! During summer weekends, the galley Olga sails to the historic Katanpää fort island, and children can enjoy fun pirate cruises. On the M/S Kerttu you can sail to the Isokari lighthouse island or join a seal safari that will take you far out to sea. M/S Kerttu also offers guided sightseeing cruises that give you a unique way to experience the seaside town.

After boating, why not try some fishing or swimming. There are 11 public beaches in Uusikaupunki. Some of them are seaside beaches and some are lakeside beaches. Uusikaupunki is also a popular spot for fishing contests. This May, the fishing club Kalavale is hosting its pike fishing contest for the 20th time. The Street Fishing contest takes place in Uusikaupunki for the second time this August, and the Jigi Cup Pike Fest championship leg is held in October.

The Velhovesi ring route is a route of bridges across the islands that lets you enjoy the beautiful archipelago without having to bother about boats or ferry timetables. You can cycle around the route and stop to enjoy the beautiful archipelago whenever you feel like it. You can also drive around the 50-kilometre route by car, admiring the sea views as you go. Another great location for enjoying the sea and nature is the Pamprinniemi nature trail in Pyhämaa. Hiunjärvi is a lake near the town centre that is a popular spot for birdwatching. There is also a nature trail around the lake.

On the Haidus island, you can find the summer restaurant Odine, and the nearby Pietarinkari island, which houses the local yacht club’s pavilion, will also get a new restaurant called SuutarinLohi.
Olga, the oldest still sailing galley in the Nordic countries, takes you on a trip around the most beautiful landscapes and attractions of the archipelago.

On board Olga you can visit the mysterious Katanpää fort island, which is also the destination of the atmospheric Midsummer eve cruise. You can also join one of our fun Pirate cruises for children in July.

The maximum number of passengers on board Olga is 34, and the galley is fully licensed to serve alcohol. The experienced crew of the galley will make sure that your cruise is successful and safe. The Isokari lighthouse island is the most beautiful attraction of the southern part of the Bothnian Sea.

Isokari offers visitors a number of services in the peaceful archipelago. The tallest lighthouse in the Gulf of Bothnia is surrounded by exquisitely beautiful nature. The Isokari island is part of the Bothnian Sea National Park.

The lighthouse itself is from the era of the Russian Empire, from 1833. You can visit the still operational lighthouse on one of the guided tours, which are held daily during the summer.

The 180-hectare island has plenty of other interesting sights in addition to the lighthouse. You can take a stroll along a nature trail, spot rare plants and birds, stroke a sheep, and marvel at the beauty of the endless horizon. The morning activities of the island’s native black guillemots are a wonderful sight – you can enjoy watching them by spending the night at Isokari!

The island has great services for travellers, including a hotel, restaurant, and guest harbour. Cruises to the island are organised from early spring to late autumn, and many people also like to visit the island by their own boat.

The summer hotel is located right by the beautiful lighthouse. The small hotel only has six flats, so make your booking already in the spring! During high summer you can travel to the island on M/S Kerttu, and during spring and autumn there are different kinds of themed packages available.

Isokari offers a beautiful setting for meetings and business functions, and the island is a perfect place to organise your birthday or perhaps an engagement party.

The island is easy to reach by M/S Kerttu or your own boat.

Further information on services and prices online at www.isokari.fi. Welcome – join us for a cruise or a longer stay!

The ship is fully licensed to serve alcohol.

Tickets for a trip to Isokari can be booked online. Tickets can also be purchased directly from the ship on the day of the trip if there is room left. For the sightseeing trip on Friday, you can buy your ticket directly from the ship.

Summer break from June 17 to August 15, 2021
(closed for weekends in June)
Experience some of the most beautiful archipelago without having to bother about boats or ferry timetables.

Barrel through the whole 50 km in one go or take your time enjoying the beautiful archipelago.

The Velhovesi ring route takes you through the northern parts of the Uusikaupunki archipelago, around the freshwater basin. The route is about 50 km long. There are side roads leading to the Lepäistentie and Lyökintie turnarounds, to the Pyhämaa village centre, the tip of the Pitkälвуoto spit and the Männäinen ironworks. The main route is signposted clockwise. The main route is marked with orange circles and the side roads with green circles. The directions are marked with arrows.

You can travel along the route for example with an e-bike that you can rent from the Tourist Information Office or from Santtioranta Camping. Along the route are villages where you can stay overnight, beaches where you can swim, scenic points where you can take a breather and village shops where you can browse. There are also cafes and restaurants along the route. All scenic points, rest stops, beaches, attractions, and services are marked on the map brochure and the website.

You can also rent canoes from the camping site. At Telakanranta in Pyhämaa, there are 8 different kinds of kayaks available for rent. You can choose different routes from the sheltered freshwater basin to the stunning Sea of Bothnia. The kayak routes have easy passage between sea routes and inland waters.

Learn about centuries old stories along the Velhovesi ring route. Story points are marked in the brochure and the website as well as on signposts along the route. The signposts for the main route are orange and those for the side roads are green. The plaques contain QR codes that you can scan with your mobile phone. By scanning the QR code, you can read the story directly from your phone. You can therefore read the stories either from the brochure or from your phone.

Ring route brochures are available at the Tourist Information Office.

Holiday and family hotel Aquarius welcomes you to Uusikaupunki!

Hotel Aquarius is located right by the sea, within walking distance from the busy marketplace. In the town centre you will find plenty of great little boutiques and shops. By the Kaupunginlahti bay you can marvel at the view from the busy guest harbour or the beautiful old bayside storehouses.

Hotel services include e.g. playground for children, a brand-new gym, and a bowling alley with a possibility for glow bowling. Get a relaxing spa treatment at Hoitopiste Kastanja. Services are also available from a masseur, a personal trainer, a lymph therapist, and a nutritionist.

Family restaurant Castello offers a delicious lunch as well as à la carte options. For the young at heart, the hotel houses Night Club Reeina. During the summer, Hotel Aquarius’s bayside Restaurant 1617 is open in one of the idyllic old storehouses. The name of the restaurant comes from the year when Uusikaupunki was founded, more than 400 years ago.
